Refer to the STEM guidance and advice notes. Further information, or explanatory notes are provided below where necessary.

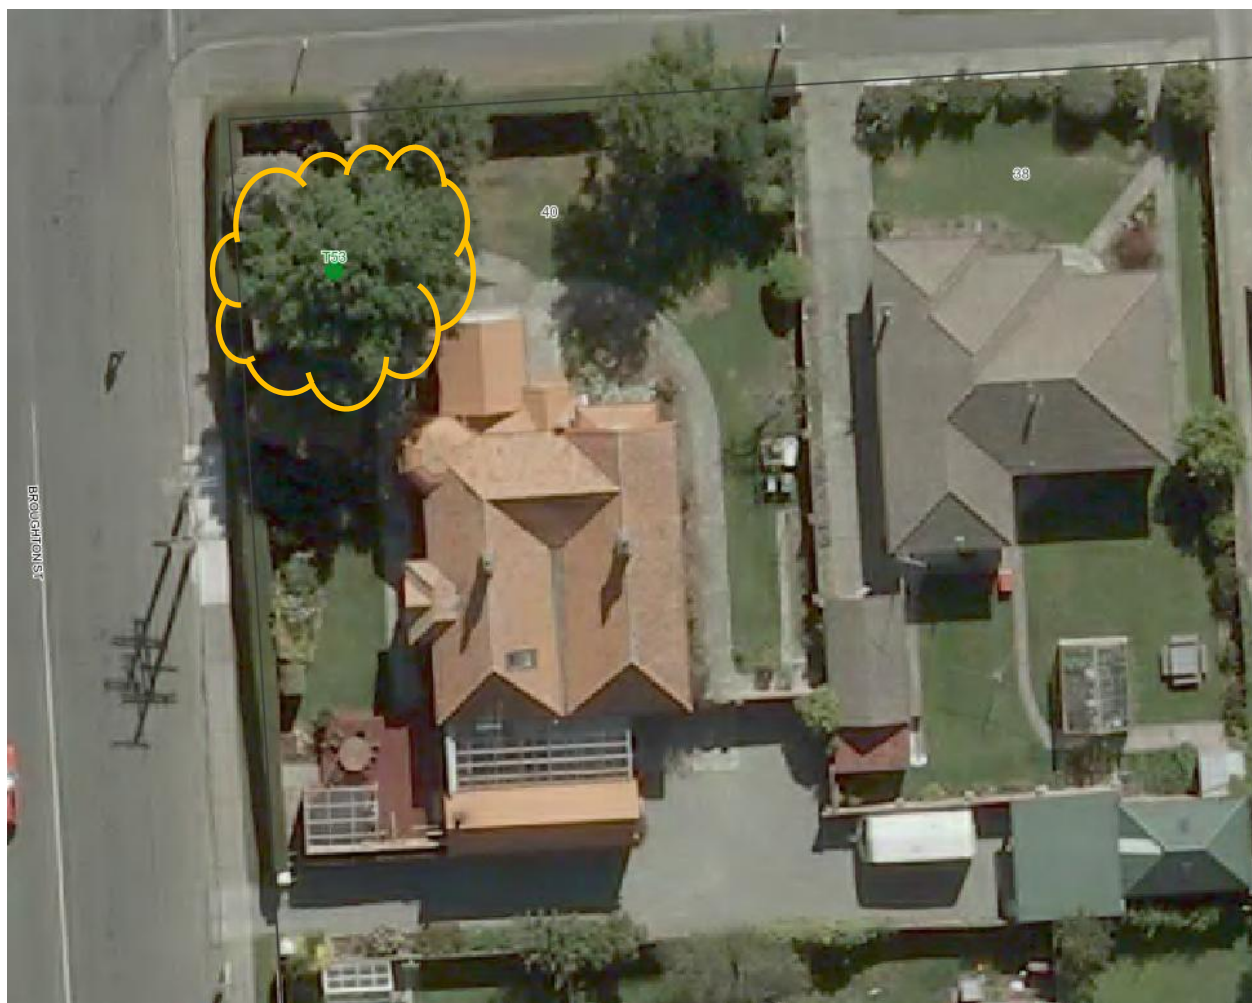

Further Notes/ Recommendations:

- Incorrectly identified in DP as *Quercus robur* (English oak)
- The tree has a canker on the main stem at approximately 5m above ground that warrants a closer examination
- While onsite I informed the owner that there was a large dead limb located above a children's swing
- The tree will require regular pruning from powerlines

Notability Evaluation notes:

- A prominent tree in the location with few if any large trees nearby

TREE LOCATION – T53 scarlet oak
