

SUMMARY OF SUBMISSIONS

Submitter	Submission Point	Plan Section	Provision	Position	Reasons	Decision Requested
Silver Fern Farms	S40.003	Interpretation	Definitions nesting tables	Support	Nesting tables are helpful to assist Plan users to understand the scope of rules. Council may wish to include a description of how to use the nesting tables in the “How The Plan Works” chapter as well as in this chapter.	Retain as notified
New Zealand Helicopter Association	S63.024	Interpretation	Definitions nesting tables	Support in part	Aircraft that are used for temporary activities often require some maintenance, loading/unloading cargo and refueling at remote landing sites. These temporary and infrequent operations should have a separate definition to aviation activity.	Seek to include of a "non temporary nature"
Chorus New Zealand Limited	S35.008	Interpretation	Definitions	Support in part	A definition of mast is needed to understand how it is different from a pole	Add a definition for Mast
Chorus New Zealand Limited	S35.009	Interpretation	Definitions	Support in part	Rule INFR-R3 refers to support poles and Rule INFRR4 refers to support structures. A definition of each, or a rationalization between the two terms is necessary to understand what they mean	Provide a definition for support poles and support structures
Chorus New Zealand Limited	S35.010	Interpretation	Definitions	Support in part	Telecommunications terms in the PDP defined under the RMA (being the NESTF). It needs to made clear that the PDP adopts the same definition.	Cross reference to NESTF or provide definitions for Ancillary Equipment, Antenna, Cabinet, Pole and Small Cell Unit
Silver Fern Farms	S40.015	Interpretation	Definitions	Support	Without a definition, this accommodation would be treated as “residential activity” and defined as a “sensitive activity” and as a “noise sensitive activity”. That definitional approach would be difficult to administer efficiently because “residential activity” is discouraged in rural and industrial zones due to potential reverse sensitivity effects (per issue 4, p. 25 of the “Industrial” s32 report).The upshot would be that if not defined and provided for, seasonal workers accommodation would attract a discretionary activity status under Rule GRUZ-R18 (in the General Rural Zone) or a non-complying status under Rule GIZ-R9 (in the General Industrial Zone).Timaru and Central Hawks Bay DP prepared under the NPS define seasonal workers accommodation.	Insert the following definition: Seasonal workers accommodation Means any premises used for residential accommodation purposes directly associated with the seasonal labour requirements of the District’s agriculture, horticulture, viticulture, and cropping industries, including both existing permanent buildings and new relocatable structures. Seasonal workers accommodation includes ancillary kitchen, dining and ablution facilities and other ancillary living and recreation facilities for the exclusive use of resident seasonal workers, whether in one building or multiple buildings.
New Zealand Helicopter Association	S63.003	Interpretation	Definitions	Support in part	Aircraft that are used for temporary activities often require some maintenance, loading/unloading cargo and refueling at remote landing sites. These temporary and infrequent operations should have a separate definition to aviation activity.	Seek to include of a "non temporary nature" of avation activity

SUMMARY OF SUBMISSIONS

New Zealand Helicopter Association	S63.005	Interpretation	Definitions	Neutral	Helicopters are widely used for building and maintaining tracks and drains, managing trees, powerlines, tele communications, water, gas etc. Helicopters are used to move machinery into places that are inaccessible by road either because the roads do not exist or have been damaged e.g. Tropical Cyclone Gabrielle. Helicopters are used to relocate services such as HVAC etc onto roof tops where a crane would unduly close a road for an extended period of time.	Inclusion of new definition: A commercial aviation activity is an activity using helicopters and aircraft for construction or maintenance of infrastructure or public or private amenities or for the continuity of electrical, gas or telecommunication services or for development and construction activities.
Department of Conservation	S109.001	Interpretation	Definitions	Support	Support the proposed definitions as providing appropriate clarity and certainty for plan users and aligning with the RMA and higher order documents such as the NPS-IB.	Retain as notified, except where specific changes are requested below
Department of Conservation	S109.019	Interpretation	Definitions	Amend	Insert new definition of ‘Biodiversity Offset’. Providing for the use of biodiversity offset (where the effects management hierarchy has been applied), enables Councils and applicants to address any residual adverse effects, that cannot otherwise be demonstrably avoided, minimised, or remedied as a result of the proposed activity. The draft National Policy Statement for Indigenous Biodiversity (NPS-IB) contains a definition for ‘Biodiversity Offset’ which is recommended for the proposed plan. Biodiversity offset is a term used in the ECO chapter and therefore adding a definition provides clarity to plan users.	Insert a new definition for “ biodiversity offset ” as follows (or words to similar effect): Has the same meaning as per the National Policy Statement for Indigenous Biodiversity and means: “means a measurable conservation outcome that meets the requirements in the NPS-IB Appendix 3 and results from actions that: a. redress any more than minor residual adverse effects on indigenous biodiversity after all appropriate avoidance, minimisation, and remediation measures have been sequentially applied; and b. achieves a measurable net gain compared to that lost.
Department of Conservation	S109.020	Interpretation	Definitions	Amend	Insert new definition for “compensation”, as the term is used within the Ecosystems and Indigenous Biodiversity chapter, it is considered necessary to define the term so it’s meaning is clear. The draft National Policy Statement for Indigenous Biodiversity (NPS-IB) contains a definition for ‘Biodiversity Compensation’ which is recommended for the proposed plan. Biodiversity compensation is a term used in the ECO chapter and therefore adding a definition provides clarity to plan users.	Insert a new definition for “ biodiversity compensation ” as follows (or words to similar effect): Has the same meaning as per the National Policy Statement for Indigenous Biodiversity and means: Means a measurable conservation outcome that meets the requirements of the NPS-IB Appendix 3 and results from actions that are intended to redress any positive actions (excluding biodiversity offsets) to compensate for residual adverse biodiversity effects arising from activities after all appropriate avoidance, remediation, mitigation and biodiversity offset measures have been sequentially applied.
Royal Forest and Bird Society of NZ Inc	S110.001	Interpretation	Definitions	Amend	No reasons given	Add: Ecological District: A particular geographical region that has a characteristic landscape and range of biological communities.
Royal Forest and Bird Society of NZ Inc	S110.002	Interpretation	Definitions	Amend	No reasons given	Add: Ecosystem Services: The benefits obtained from ecosystems such as: (a) supporting services, (e.g., nutrient cycling, soil formation, habitat creation); and (b) provisioning services, (e.g., food, freshwater, wood, fibre, fuel); and (c) regulating services, (e.g., water purification, climate regulation, flood regulation, disease regulation); and (d) cultural services, (e.g., aesthetic, spiritual, educational, recreational)

SUMMARY OF SUBMISSIONS

Royal Forest and Bird Society of NZ Inc	S110.003	Interpretation	Definitions	Amend	No reasons given	Add: Ecological Corridor: a functional zone of passage between several natural zones for a group of species dependent on a single environment. This corridor therefore connects different populations and favours the spread and migration of species, as well as the re-colonisation of environments that have been disturbed. Also sometimes called a wildlife corridor, habitat corridor, or green corridor.
Royal Forest and Bird Society of NZ Inc	S110.005	Interpretation	Definitions	Amend	No reasons given	Add: Grey Infrastructure: Human-engineered traditional approaches to water management such as pipes and hard surfaces.
Royal Forest and Bird Society of NZ Inc	S110.006	Interpretation	Definitions	Amend	No reasons given	Add: Nature Based Solutions: Solutions that are inspired and supported by nature, and provide environmental, social and economic benefits and help build resilience. Examples include: restoration or constructing wetlands, forest restoration, riparian planting, allowing rivers to reclaim parts of their natural flood plains in strategic places, rain gardens, green roofs and so on.
Aggregate and Quarry Association	S111.001	Interpretation	Definitions	Support	The Proposed Plan generally uses the National Planning Standards definitions throughout. We support the use of these – specifically those relating to quarrying. The use of these definitions is helpful for consistency and to avoid misinterpretation.	Support the use of NPS definitions
Waka Kotahi NZ Transport Agency	S112.002	Interpretation	Definitions	Support	Waka Kotahi supports all the definitions within Part 1 Interpretation, Definitions except as noted in submission	Retain definitions as notified except for those commented on
David Pullar	S133.001	Interpretation	Definitions	Amend	The way fencing is managed in the PDP is confusing, impractical and restrictive. Farm fencing is essential to effectively manage the natural resources used and affected by primary production.	New definition: Farm fencing Means any fence erected for the purposes of any primary production purpose.
Rural Contractors NZ Incorporated (RCNZ)	S145.001	Interpretation	Definitions	Amend	RCNZ seek a new rule in GRUZ which should be accompanied by a definition for 'rural contractor depot'.	Include the following definition for 'Rural Contractor Depot': The land and buildings used for the purposes of storing or maintaining machinery, equipment and associated goods and supplies associated with a rural contracting business that directly supports, services or is dependent on primary production.
Hokonui Rūnanga Inc	S139.022	Interpretation	Definitions	Amend	New definition for Approved Biodiversity management plan.	Add definition: “approved biodiversity management plan means a management plan approved by the council as appropriate for the management of the biodiversity values of a site and includes a QEII Trust management plan for the site or a mana whenua endorsed site plan.”
Alliance Group Limited	S121.017	Interpretation	Definitions	Support	Alliance requests a definition and rule framework for “seasonal workers accommodation”. This activity is sometimes needed to support primary production and industrial activities. Without a specific definition, this accommodation would be treated as a sub-set of “residential activity”. It therefore would also be defined as a “sensitive activity” and as a “noise sensitive activity”. That	Insert the following definition: Seasonal workers accommodation Means any premises used for residential accommodation purposes directly associated with the seasonal labour requirements of the District’s agriculture, horticulture, viticulture, and cropping industries, including both existing permanent buildings and new relocatable structures. Seasonal workers accommodation includes ancillary kitchen, dining and ablution facilities and other ancillary living and recreation facilities for the exclusive use of resident seasonal workers, whether in one building or multiple buildings.

SUMMARY OF SUBMISSIONS

					definitional approach would be difficult to administer efficiently because “residential activity” is (appropriately) discouraged in rural and industrial zones due to potential reverse sensitivity effects (per issue 4, p. 25 of the “Industrial” s32 report). The upshot would be that if not defined and provided for, seasonal workers accommodation would attract a non-complying status under Rule GIZ-R9 (in the General Industrial Zone). A specific definition is needed to underpin rules for “seasonal workers accommodation”. See original submission for complete rationale- pg 22	
Southland District Council	S146.004	Interpretation	Definitions	Support in part	The submitter considers the Proposed District Plan to have a good interpretation section.	None specified.
KiwiRail Holdings Ltd	S132.010	Interpretation	Definitions	Amend	New definition - KiwiRail seeks the inclusion of a definition for the Rail Corridor Noise Control Overlay for clarity. Refer to full submission, appendix A.	Rail Corridor Noise Control Overlay: means the area potentially affected by noise between a railway corridor boundary and a distance of 100m. Rail Corridor Noise Control Overlay shown on the planning maps identifies areas that have the potential to experience high noise levels from rail traffic. New buildings and alterations to habitable rooms in buildings used for sensitive land uses are required to demonstrate that adverse noise effects have been appropriately managed by demonstrating compliance with the standards specified in section ‘2.1 Railway Noise’ of Appendix A attached.
KiwiRail Holdings Ltd	S132.013	Interpretation	Definitions	Amend	New definition - KiwiRail seeks the inclusion of a new definition for the Vibration Alert Area Overlay for clarity.	New Definition: 'Vibration Alert Overlay' means the area potentially affected by vibration between a railway corridor boundary and a distance of 60m.
Southland Federated Farmers of New Zealand	S126.012	Interpretation	Definitions	Support	SFF recommends the Council include a definition for collector road.	Include new definition (Collector Road) and make any necessary consequential amendments.
Southland Federated Farmers of New Zealand	S126.021	Interpretation	Definitions	Support	There are inconsistencies throughout the plan whereby the proposed definition of fences attempts to cater to multiple purposes. Having a separate definition for a farm fence would allow clear separation of rules/standards applicable. We recommend the Council simplifies it’s approach to fencing in this respect and considers what the problem is it is actually trying to solve. We found limited narrative on fencing in any of the s 32 reports.	Include new definition "farm fences" and make any consequential amendments: Means any fence erected for the purposes of any primary production activity.
Southland Federated Farmers of New Zealand	S126.028	Interpretation	Definitions	Support	We recommend a new definition is included which aligns with the Proposed Southland Land and Water Plan.	Include a new definition for Intensive winter grazing: Grazing of stock between May and September (inclusive) on forage crops (including brassica, beet and root vegetable crops), excluding pasture and cereal crops.
Southland Federated Farmers of New Zealand	S126.050	Interpretation	Definitions	Not Stated	Vehicle movements is referred to in the Transport Chapter, however no definition is included.	Include new definition for vehicle movements and make any consequential amendments.

SUMMARY OF SUBMISSIONS

Southland Federated Farmers of New Zealand	S126.051	Interpretation	Definitions	Not Stated	To provide clarity, a definition for ‘waste’ should be included which aligns with the Waste Minimisation Act 2008.	Include new definition for waste and make any consequential amendments: Waste (a) means any thing disposed of or discarded; and (b) includes a type of waste that is defined by its composition or source (for example, organic waste, electronic waste, or construction and demolition waste); and (c) to avoid doubt, includes any component or element of diverted material, if the component or element is disposed of or discarded.
Southland Federated Farmers of New Zealand	S126.092	Interpretation	Definitions	Not Stated	ECO-p12 could be strengthened by providing a definition of ‘exotic weed species’. The classification of plants as a weed can be subjective, for example white clover is considered to be a weed by some while its growth is encouraged by others (especially within rural communities).	Include a definition of exotic weed.
Southland Federated Farmers of New Zealand	S126.135	Interpretation	Definitions	Support	With regards to Noise- Note 2; NCFF supports ‘audible bird scaring device’ being defined	Include a definition for ‘audible bird scaring device’ as: ‘Gas guns and avian distress alarms used for the purposes of disturbing or scaring birds’
Stoney Creek Station Limited	S3.107	Interpretation	Definitions	Amend	Stoney Creek supports the inclusion of a definition for farm infrastructure to align with the amendments sought to ECO-R1, GRUZ-R1 and GRUZ-S5.	Insert a new definition for farm infrastructure: Means those structures (excluding buildings) reasonably necessary to enable primary production activities relating to irrigation, the provision of stock water, the storage and distribution of animal feed, stock yards and ramps, but excludes fences, farm tracks, feedlots and silage pits.
Stoney Creek Station Limited	S3.108	Interpretation	Definitions	Amend	Stoney Creek supports the inclusion of a definition for “supporting activity” as per the NPSHPL, to align with the amendments sought to GRUZ-R3 and GRUZ-S3.	Insert a new definition for supporting activity: Has the same meaning as per the National Policy Statement for Highly Productive Land and means: in relation to highly productive land, those activities reasonably necessary to support land-based primary production on that land (such as on-site processing and packing, equipment storage, and animal housing).
One New Zealand Group Limited	S32.008	Interpretation	Definitions	Support in part	A definition of mast is needed to understand how it is different from a pole	Add a definition for Mast
One New Zealand Group Limited	S32.009	Interpretation	Definitions	Support in part	Rule INFR-R3 refers to support poles and Rule INFRR4 refers to support structures. A definition of each, or a rationalization between the two terms is necessary to understand what they mean	Provide a definition for support poles and support structures
One New Zealand Group Limited	S32.010	Interpretation	Definitions	Support in part	Telecommunications terms in the PDP defined under the RMA (being the NESTF). It needs to made clear that the PDP adopts the same definition.	Cross reference to NESTF or provide definitions for Ancillary Equipment, Antenna, Cabinet, Pole and Small Cell Unit
FortySouth	S33.008	Interpretation	Definitions	Support in part	A definition of mast is needed to understand how it is different from a pole	Add a definition for Mast
FortySouth	S33.009	Interpretation	Definitions	Support in part	Rule INFR-R3 refers to support poles and Rule INFRR4 refers to support structures. A definition of each, or a rationalization between the two terms is necessary to understand what they mean	Provide a definition for support poles and support structures

SUMMARY OF SUBMISSIONS

FortySouth	S33.010	Interpretation	Definitions	Support in part	Telecommunications terms in the PDP defined under the RMA (being the NESTF). It needs to made clear that the PDP adopts the same definition.	Cross reference to NESTF or provide definitions for Ancillary Equipment, Antenna, Cabinet, Pole and Small Cell Unit
Connexa Limited	S37.008	Interpretation	Definitions	Support in part	A definition of mast is needed to understand how it is different from a pole	Add a definition for Mast
Connexa Limited	S37.009	Interpretation	Definitions	Support in part	Rule INFR-R3 refers to support poles and Rule INFRR4 refers to support structures. A definition of each, or a rationalization between the two terms is necessary to understand what they mean	Provide a definition for support poles and support structures
Connexa Limited	S37.010	Interpretation	Definitions	Support in part	Telecommunications terms in the PDP defined under the RMA (being the NESTF). It needs to made clear that the PDP adopts the same definition.	Cross reference to NESTF or provide definitions for Ancillary Equipment, Antenna, Cabinet, Pole and Small Cell Unit
Spark New Zealand Trading Limited	S154.008	Interpretation	Definitions	Support in part	A definition of mast is needed to understand how it is different from a pole	Add a definition for Mast
Spark New Zealand Trading Limited	S154.009	Interpretation	Definitions	Support in part	Rule INFR-R3 refers to support poles and Rule INFRR4 refers to support structures. A definition of each, or a rationalization between the two terms is necessary to understand what they mean	Provide a definition for support poles and support structures
Spark New Zealand Trading Limited	S154.010	Interpretation	Definitions	Support in part	Telecommunications terms in the PDP defined under the RMA (being the NESTF). It needs to made clear that the PDP adopts the same definition.	Cross reference to NESTF or provide definitions for Ancillary Equipment, Antenna, Cabinet, Pole and Small Cell Unit
PowerNet Limited	S95.010	Interpretation	Definitions	Not Stated	PowerNet seeks a definition for ELECTRICITY DISTRIBUTION NETWORK is included in the District Plan. The term Electricity Distribution Network is referred to in the rules PowerNet proposes (below) and therefore a definition for this activity is required. The suggested definition is considered to be appropriate as it encapsulates what the distribution network does, as well as the structures that are required for the conveyance of electricity.	Include a definition for: ELECTRICITY DISTRIBUTION NETWORK: Means the conveyance of electricity via electricity subtransmission and distribution lines, cables, support structures, substations, transformers, switching stations, kiosks, cabinets, and ancillary buildings and structures, including communication equipment, by a network utility operator. This includes the assets shown on the planning maps.
PowerNet Limited	S95.011	Interpretation	Definitions	Not Stated	PowerNet seeks a definition for Electricity Distribution Yard. The definition captures both distribution and subtransmission lines as well as the structures that are required for the conveyance of electricity.	Include a definition for: Electricity Distribution Yard means a) the area located within 10m of the centreline of a 110kV, 66kV or 33 kV electricity distribution line on single poles / towers or within 10m of a foundation of an associated support structure. As depicted in Diagram 1 – Electricity Distribution Yard Diagram 1 – Electricity Distribution Yard (Diagram on pg 6 of original submission) Note: The Electricity Distribution Yard does not apply to underground cables or any distribution lines (or sections of line) that are designated.
Trudy Bokser	S113.107	Interpretation	Definitions	Amend	Stoney Creek supports the inclusion of a definition for farm infrastructure to align with the amendments sought to ECO-R1, GRUZ-R1 and GRUZ-S5.	Insert a new definition for farm infrastructure: Means those structures (excluding buildings) reasonably necessary to enable primary production activities relating to irrigation, the provision of stock water, the storage and distribution of animal feed,

SUMMARY OF SUBMISSIONS

						stock yards and ramps, but excludes fences, farm tracks, feedlots and silage pits.
Trudy Bokser	S113.108	Interpretation	Definitions	Amend	Stoney Creek supports the inclusion of a definition for “supporting activity” as per the NPSHPL, to align with the amendments sought to GRUZ-R3 and GRUZ-S3.	Insert a new definition for supporting activity : Has the same meaning as per the National Policy Statement for Highly Productive Land and means: in relation to highly productive land, those activities reasonably necessary to support land-based primary production on that land (such as on-site processing and packing, equipment storage, and animal housing).
Nathan Bokser	S116.107	Interpretation	Definitions	Amend	Stoney Creek supports the inclusion of a definition for farm infrastructure to align with the amendments sought to ECO-R1, GRUZ-R1 and GRUZ-S5.	Insert a new definition for farm infrastructure: Means those structures (excluding buildings) reasonably necessary to enable primary production activities relating to irrigation, the provision of stock water, the storage and distribution of animal feed, stock yards and ramps, but excludes fences, farm tracks, feedlots and silage pits.
Nathan Bokser	S116.108	Interpretation	Definitions	Amend	Stoney Creek supports the inclusion of a definition for “supporting activity” as per the NPSHPL, to align with the amendments sought to GRUZ-R3 and GRUZ-S3.	Insert a new definition for supporting activity : Has the same meaning as per the National Policy Statement for Highly Productive Land and means: in relation to highly productive land, those activities reasonably necessary to support land-based primary production on that land (such as on-site processing and packing, equipment storage, and animal housing).
AW+ JA Johnston Family Trust	S118.107	Interpretation	Definitions	Amend	Stoney Creek supports the inclusion of a definition for farm infrastructure to align with the amendments sought to ECO-R1, GRUZ-R1 and GRUZ-S5.	Insert a new definition for farm infrastructure: Means those structures (excluding buildings) reasonably necessary to enable primary production activities relating to irrigation, the provision of stock water, the storage and distribution of animal feed, stock yards and ramps, but excludes fences, farm tracks, feedlots and silage pits.
AW+ JA Johnston Family Trust	S118.108	Interpretation	Definitions	Amend	Stoney Creek supports the inclusion of a definition for “supporting activity” as per the NPSHPL, to align with the amendments sought to GRUZ-R3 and GRUZ-S3.	Insert a new definition for supporting activity : Has the same meaning as per the National Policy Statement for Highly Productive Land and means: in relation to highly productive land, those activities reasonably necessary to support land-based primary production on that land (such as on-site processing and packing, equipment storage, and animal housing).
Reaby Downs Farm Ltd	S18.109	Interpretation	Definitions	Amend	Stoney Creek supports the inclusion of a definition for farm infrastructure to align with the amendments sought to ECO-R1, GRUZ-R1 and GRUZ-S5.	Insert a new definition for farm infrastructure: Means those structures (excluding buildings) reasonably necessary to enable primary production activities relating to irrigation, the provision of stock water, the storage and distribution of animal feed, stock yards and ramps, but excludes fences, farm tracks, feedlots and silage pits.
Reaby Downs Farm Ltd	S18.110	Interpretation	Definitions	Amend	Stoney Creek supports the inclusion of a definition for “supporting activity” as per the NPSHPL, to	Insert a new definition for supporting activity : Has the same meaning as per the National Policy Statement for Highly Productive Land and means: in relation to highly productive land, those activities

SUMMARY OF SUBMISSIONS

					align with the amendments sought to GRUZ-R3 and GRUZ-S3.	reasonably necessary to support land-based primary production on that land (such as on-site processing and packing, equipment storage, and animal housing).
Karen Temple	S19.109	Interpretation	Definitions	Amend	Stoney Creek supports the inclusion of a definition for farm infrastructure to align with the amendments sought to ECO-R1, GRUZ-R1 and GRUZ-S5.	Insert a new definition for farm infrastructure: Means those structures (excluding buildings) reasonably necessary to enable primary production activities relating to irrigation, the provision of stock water, the storage and distribution of animal feed, stock yards and ramps, but excludes fences, farm tracks, feedlots and silage pits.
Karen Temple	S19.110	Interpretation	Definitions	Amend	Stoney Creek supports the inclusion of a definition for “supporting activity” as per the NPSHPL, to align with the amendments sought to GRUZ-R3 and GRUZ-S3.	Insert a new definition for supporting activity: Has the same meaning as per the National Policy Statement for Highly Productive Land and means: in relation to highly productive land, those activities reasonably necessary to support land-based primary production on that land (such as on-site processing and packing, equipment storage, and animal housing).
Sarah and Peter Barclay	S20.109	Interpretation	Definitions	Amend	Stoney Creek supports the inclusion of a definition for farm infrastructure to align with the amendments sought to ECO-R1, GRUZ-R1 and GRUZ-S5.	Insert a new definition for farm infrastructure: Means those structures (excluding buildings) reasonably necessary to enable primary production activities relating to irrigation, the provision of stock water, the storage and distribution of animal feed, stock yards and ramps, but excludes fences, farm tracks, feedlots and silage pits.
Sarah and Peter Barclay	S20.110	Interpretation	Definitions	Amend	Stoney Creek supports the inclusion of a definition for “supporting activity” as per the NPSHPL, to align with the amendments sought to GRUZ-R3 and GRUZ-S3.	Insert a new definition for supporting activity: Has the same meaning as per the National Policy Statement for Highly Productive Land and means: in relation to highly productive land, those activities reasonably necessary to support land-based primary production on that land (such as on-site processing and packing, equipment storage, and animal housing).
Helen McIntosh	S24.109	Interpretation	Definitions	Amend	Stoney Creek supports the inclusion of a definition for farm infrastructure to align with the amendments sought to ECO-R1, GRUZ-R1 and GRUZ-S5.	Insert a new definition for farm infrastructure: Means those structures (excluding buildings) reasonably necessary to enable primary production activities relating to irrigation, the provision of stock water, the storage and distribution of animal feed, stock yards and ramps, but excludes fences, farm tracks, feedlots and silage pits.
Helen McIntosh	S24.110	Interpretation	Definitions	Amend	Stoney Creek supports the inclusion of a definition for “supporting activity” as per the NPSHPL, to align with the amendments sought to GRUZ-R3 and GRUZ-S3.	Insert a new definition for supporting activity: Has the same meaning as per the National Policy Statement for Highly Productive Land and means: in relation to highly productive land, those activities reasonably necessary to support land-based primary production on that land (such as on-site processing and packing, equipment storage, and animal housing).
John Baynes	S68.111	Interpretation	Definitions	Amend	Stoney Creek supports the inclusion of a definition for farm infrastructure to align with the	Insert a new definition for farm infrastructure: Means those structures (excluding buildings) reasonably necessary to enable primary production

SUMMARY OF SUBMISSIONS

					amendments sought to ECO-R1, GRUZ-R1 and GRUZ-S5.	activities relating to irrigation, the provision of stock water, the storage and distribution of animal feed, stock yards and ramps, but excludes fences, farm tracks, feedlots and silage pits.
John Baynes	S68.112	Interpretation	Definitions	Amend	Stoney Creek supports the inclusion of a definition for “supporting activity” as per the NPSHPL, to align with the amendments sought to GRUZ-R3 and GRUZ-S3.	Insert a new definition for supporting activity : Has the same meaning as per the National Policy Statement for Highly Productive Land and means: in relation to highly productive land, those activities reasonably necessary to support land-based primary production on that land (such as on-site processing and packing, equipment storage, and animal housing).
Peters Farm LtdKaren Peters	S127.143	Interpretation	Definitions	Amend	Stoney Creek supports the inclusion of a definition for farm infrastructure to align with the amendments sought to ECO-R1, GRUZ-R1 and GRUZ-S5.	Insert a new definition for farm infrastructure: Means those structures (excluding buildings) reasonably necessary to enable primary production activities relating to irrigation, the provision of stock water, the storage and distribution of animal feed, stock yards and ramps, but excludes fences, farm tracks, feedlots and silage pits.
Peters Farm LtdKaren Peters	S127.144	Interpretation	Definitions	Amend	Stoney Creek supports the inclusion of a definition for “supporting activity” as per the NPSHPL, to align with the amendments sought to GRUZ-R3 and GRUZ-S3.	Insert a new definition for supporting activity : Has the same meaning as per the National Policy Statement for Highly Productive Land and means: in relation to highly productive land, those activities reasonably necessary to support land-based primary production on that land (such as on-site processing and packing, equipment storage, and animal housing).
Kevin Robertson	S115.013	Interpretation	Definitions	Support	SFF recommends the Council include a definition for collector road.	Include new definition (Collector Road) and make any necessary consequential amendments.
Kevin Robertson	S115.022	Interpretation	Definitions	Support	There are inconsistencies throughout the plan whereby the proposed definition of fences attempts to cater to multiple purposes. Having a separate definition for a farm fence would allow clear separation of rules/standards applicable. We recommend the Council simplifies it’s approach to fencing in this respect and considers what the problem is it is actually trying to solve. We found limited narrative on fencing in any of the s 32 reports.	Include new definition "farm fences" and make any consequential amendments: Means any fence erected for the purposes of any primary production activity.
Kevin Robertson	S115.029	Interpretation	Definitions	Support	We recommend a new definition is included which aligns with the Proposed Southland Land and Water Plan.	Include a new definition for Intensive winter grazing: Grazing of stock between May and September (inclusive) on forage crops (including brassica, beet and root vegetable crops), excluding pasture and cereal crops.
Kevin Robertson	S115.051	Interpretation	Definitions	Not Stated	Vehicle movements is referred to in the Transport Chapter, however no definition is included.	Include new definition for vehicle movements and make any consequential amendments.
Kevin Robertson	S115.052	Interpretation	Definitions	Not Stated	To provide clarity, a definition for ‘waste’ should be included which aligns with the Waste Minimisation Act 2008.	Include new definition for waste and make any consequential amendments: Waste (a) means any thing disposed of or discarded; and (b) includes a type of waste that is defined by its composition or source (for example, organic waste, electronic waste, or construction and demolition waste); and (c) to avoid doubt, includes any component or element of diverted material, if the component or element is disposed of or discarded.

SUMMARY OF SUBMISSIONS

Kevin Robertson	S115.093	Interpretation	Definitions	Not Stated	ECO-p12 could be strengthened by providing a definition of ‘exotic weed species’. The classification of plants as a weed can be subjective, for example white clover is considered to be a weed by some while its growth is encouraged by others (especially within rural communities).	Include a definition of exotic weed.
Kevin Robertson	S115.136	Interpretation	Definitions	Support	With regards to Noise- Note 2; NCCF supports ‘audible bird scaring device’ being defined	Include a definition for ‘audible bird scaring device’ as: ‘Gas guns and avian distress alarms used for the purposes of disturbing or scaring birds’
Ronald Crispin	S60.015	Interpretation	Definitions	Support	SFF recommends the Council include a definition for collector road.	Include new definition (Collector Road) and make any necessary consequential amendments.
Ronald Crispin	S60.024	Interpretation	Definitions	Support	There are inconsistencies throughout the plan whereby the proposed definition of fences attempts to cater to multiple purposes. Having a separate definition for a farm fence would allow clear separation of rules/standards applicable. We recommend the Council simplifies it’s approach to fencing in this respect and considers what the problem is it is actually trying to solve. We found limited narrative on fencing in any of the s 32 reports.	Include new definition "farm fences" and make any consequential amendments: Means any fence erected for the purposes of any primary production activity.
Ronald Crispin	S60.031	Interpretation	Definitions	Support	We recommend a new definition is included which aligns with the Proposed Southland Land and Water Plan.	Include a new definition for Intensive winter grazing: Grazing of stock between May and September (inclusive) on forage crops (including brassica, beet and root vegetable crops), excluding pasture and cereal crops.
Ronald Crispin	S60.053	Interpretation	Definitions	Not Stated	Vehicle movements is referred to in the Transport Chapter, however no definition is included.	Include new definition for vehicle movements and make any consequential amendments.
Ronald Crispin	S60.054	Interpretation	Definitions	Not Stated	To provide clarity, a definition for ‘waste’ should be included which aligns with the Waste Minimisation Act 2008.	Include new definition for waste and make any consequential amendments: Waste (a) means any thing disposed of or discarded; and (b) includes a type of waste that is defined by its composition or source (for example, organic waste, electronic waste, or construction and demolition waste); and (c) to avoid doubt, includes any component or element of diverted material, if the component or element is disposed of or discarded.
Ronald Crispin	S60.095	Interpretation	Definitions	Not Stated	ECO-p12 could be strengthened by providing a definition of ‘exotic weed species’. The classification of plants as a weed can be subjective, for example white clover is considered to be a weed by some while its growth is encouraged by others (especially within rural communities).	Include a definition of exotic weed.
Ronald Crispin	S60.138	Interpretation	Definitions	Support	With regards to Noise- Note 2; NCCF supports ‘audible bird scaring device’ being defined	Include a definition for ‘audible bird scaring device’ as: ‘Gas guns and avian distress alarms used for the purposes of disturbing or scaring birds’
Rural Ratepayers Group	S143.024	Interpretation	Definitions	Support	SFF recommends the Council include a definition for collector road.	Include new definition (Collector Road) and make any necessary consequential amendments.
Rural Ratepayers Group	S143.033	Interpretation	Definitions	Support	There are inconsistencies throughout the plan whereby the proposed definition of fences attempts to cater to multiple purposes. Having a separate definition for a farm fence would allow clear separation of rules/standards applicable. We recommend the Council simplifies it’s approach to	Include new definition "farm fences" and make any consequential amendments: Means any fence erected for the purposes of any primary production activity.

SUMMARY OF SUBMISSIONS

					fencing in this respect and considers what the problem is it is actually trying to solve. We found limited narrative on fencing in any of the s 32 reports.	
Rural Ratepayers Group	S143.040	Interpretation	Definitions	Support	We recommend a new definition is included which aligns with the Proposed Southland Land and Water Plan.	Include a new definition for Intensive winter grazing: Grazing of stock between May and September (inclusive) on forage crops (including brassica, beet and root vegetable crops), excluding pasture and cereal crops.
Rural Ratepayers Group	S143.062	Interpretation	Definitions	Not Stated	Vehicle movements is referred to in the Transport Chapter, however no definition is included.	Include new definition for vehicle movements and make any consequential amendments.
Rural Ratepayers Group	S143.063	Interpretation	Definitions	Not Stated	To provide clarity, a definition for ‘waste’ should be included which aligns with the Waste Minimisation Act 2008.	Include new definition for waste and make any consequential amendments: Waste (a) means any thing disposed of or discarded; and (b) includes a type of waste that is defined by its composition or source (for example, organic waste, electronic waste, or construction and demolition waste); and (c) to avoid doubt, includes any component or element of diverted material, if the component or element is disposed of or discarded.
Rural Ratepayers Group	S143.104	Interpretation	Definitions	Not Stated	ECO-p12 could be strengthened by providing a definition of ‘exotic weed species’. The classification of plants as a weed can be subjective, for example white clover is considered to be a weed by some while its growth is encouraged by others (especially within rural communities).	Include a definition of exotic weed.
Rural Ratepayers Group	S143.147	Interpretation	Definitions	Support	With regards to Noise- Note 2; NCFF supports ‘audible bird scaring device’ being defined	Include a definition for ‘audible bird scaring device’ as: ‘Gas guns and avian distress alarms used for the purposes of disturbing or scaring birds’
Alistair & Bernadette Hunt	S148.025	Interpretation	Definitions	Support	SFF recommends the Council include a definition for collector road.	Include new definition (Collector Road) and make any necessary consequential amendments.
Alistair & Bernadette Hunt	S148.034	Interpretation	Definitions	Support	There are inconsistencies throughout the plan whereby the proposed definition of fences attempts to cater to multiple purposes. SUMMARY OF SUBMISSIONS

Alistair & Bernadette Hunt	S148.105	Interpretation	Definitions	Not Stated	ECO-p12 could be strengthened by providing a definition of ‘exotic weed species’. The classification of plants as a weed can be subjective, for example white clover is considered to be a weed by some while its growth is encouraged by others (especially within rural communities).	Include a definition of exotic weed.
Alistair & Bernadette Hunt	S148.148	Interpretation	Definitions	Support	With regards to Noise- Note 2; NCCFF supports ‘audible bird scaring device’ being defined	Include a definition for ‘audible bird scaring device’ as: ‘Gas guns and avian distress alarms used for the purposes of disturbing or scaring birds’
John Baynes	S68.133	Interpretation	Definitions	Support	SFF recommends the Council include a definition for collector road.	Include new definition (Collector Road) and make any necessary consequential amendments.
John Baynes	S68.142	Interpretation	Definitions	Support	There are inconsistencies throughout the plan whereby the proposed definition of fences attempts to cater to multiple purposes. Having a separate definition for a farm fence would allow clear separation of rules/standards applicable. We recommend the Council simplifies it’s approach to fencing in this respect and considers what the problem is it is actually trying to solve. We found limited narrative on fencing in any of the s 32 reports.	Include new definition "farm fences" and make any consequential amendments: Means any fence erected for the purposes of any primary production activity.
John Baynes	S68.149	Interpretation	Definitions	Support	We recommend a new definition is included which aligns with the Proposed Southland Land and Water Plan.	Include a new definition for Intensive winter grazing: Grazing of stock between May and September (inclusive) on forage crops (including brassica, beet and root vegetable crops), excluding pasture and cereal crops.
John Baynes	S68.171	Interpretation	Definitions	Not Stated	Vehicle movements is referred to in the Transport Chapter, however no definition is included.	Include new definition for vehicle movements and make any consequential amendments.
John Baynes	S68.172	Interpretation	Definitions	Not Stated	To provide clarity, a definition for ‘waste’ should be included which aligns with the Waste Minimisation Act 2008.	Include new definition for waste and make any consequential amendments: Waste (a) means any thing disposed of or discarded; and (b) includes a type of waste that is defined by its composition or source (for example, organic waste, electronic waste, or construction and demolition waste); and (c) to avoid doubt, includes any component or element of diverted material, if the component or element is disposed of or discarded.
John Baynes	S68.213	Interpretation	Definitions	Not Stated	ECO-p12 could be strengthened by providing a definition of ‘exotic weed species’. The classification of plants as a weed can be subjective, for example white clover is considered to be a weed by some while its growth is encouraged by others (especially within rural communities).	Include a definition of exotic weed.
John Baynes	S68.256	Interpretation	Definitions	Support	With regards to Noise- Note 2; NCCFF supports ‘audible bird scaring device’ being defined	Include a definition for ‘audible bird scaring device’ as: ‘Gas guns and avian distress alarms used for the purposes of disturbing or scaring birds’
Greg Bokser	S117.107	Interpretation	Definitions	Amend	Stoney Creek supports the inclusion of a definition for farm infrastructure to align with the amendments sought to ECO-R1, GRUZ-R1 and GRUZ-S5.	Insert a new definition for farm infrastructure: Means those structures (excluding buildings) reasonably necessary to enable primary production activities relating to irrigation, the provision of stock water, the storage and distribution of animal feed, stock yards and ramps, but excludes fences, farm tracks, feedlots and silage pits.

SUMMARY OF SUBMISSIONS

Greg Bokser	S117.108	Interpretation	Definitions	Amend	Stoney Creek supports the inclusion of a definition for “supporting activity” as per the NPSHPL, to align with the amendments sought to GRUZ-R3 and GRUZ-S3.	Insert a new definition for supporting activity : Has the same meaning as per the National Policy Statement for Highly Productive Land and means: in relation to highly productive land, those activities reasonably necessary to support land-based primary production on that land (such as on-site processing and packing, equipment storage, and animal housing).

Further, the Council should decide if they wish to capture bonfires, camp fires or kerosene lamps in this definition; as the way it is written it could easily do so.	Amend definition and make any necessary consequential amendments: any electrically-powered exterior or ~~nonresidential interior~~ lighting and/or sign that emits directly into the outdoor environment. ~~and includes signs.~~
John Baynes	S68.129	Interpretation	artificial outdoor lighting	Support in part	This definition seems to be aimed at lighting that may have an impact on the outdoor environment, but the wording used here cannot realistically be called an appropriate definition for Artificial Outdoor Lighting. If it is artificial then the definition should cover electrical power. Further, the Council should decide if they wish to capture bonfires, camp fires or kerosene lamps in this definition; as the way it is written it could easily do so.	Amend definition and make any necessary consequential amendments: any electrically-powered exterior or ~~nonresidential interior~~ lighting and/or sign that emits directly into the outdoor environment. ~~and includes signs.~~
Department of Conservation	S109.002	Interpretation	Biodiversity Covenant	Support	Support the proposed definition as it provides clarity and aligns with the NPS-IB definition	Retain as notified
Department of Conservation	S109.012	Interpretation	biological diversity (or biodiversity)	Support	The D-G supports the inclusion of the RMA definitions in the plan.	Retain as notified
Southland Federated Farmers of New Zealand	S126.009	Interpretation	biological diversity (or biodiversity)	Support in part	The notified definition follows the definition in the Resource Management Act 1991. However, in the RMA the shortened term of 'biodiversity' is not used as the Council has done in the Plan. It is	Amend term and make any necessary consequential amendments: Biological diversity ~~(or biodiversity)~~

SUMMARY OF SUBMISSIONS

					suggested that if the Council is stating this is the RMA definition then only the RMA term should be used.	
Kevin Robertson	S115.010	Interpretation	biological diversity (or biodiversity)	Support in part	The notified definition follows the definition in the Resource Management Act 1991. However, in the RMA the shortened term of 'biodiversity' is not used as the Council has done in the Plan. It is suggested that if the Council is stating this is the RMA definition then only the RMA term should be used.	Amend term and make any necessary consequential amendments: Biological diversity ~~(or biodiversity)~~
Ronald Crispin	S60.012	Interpretation	biological diversity (or biodiversity)	Support in part	The notified definition follows the definition in the Resource Management Act 1991. However, in the RMA the shortened term of 'biodiversity' is not used as the Council has done in the Plan. It is suggested that if the Council is stating this is the RMA definition then only the RMA term should be used.	Amend term and make any necessary consequential amendments: Biological diversity ~~(or biodiversity)~~
Rural Ratepayers Group	S143.021	Interpretation	biological diversity (or biodiversity)	Support in part	The notified definition follows the definition in the Resource Management Act 1991. However, in the RMA the shortened term of 'biodiversity' is not used as the Council has done in the Plan. It is suggested that if the Council is stating this is the RMA definition then only the RMA term should be used.	Amend term and make any necessary consequential amendments: Biological diversity ~~(or biodiversity)~~
Alistair & Bernadette Hunt	S148.022	Interpretation	biological diversity (or biodiversity)	Support in part	The notified definition follows the definition in the Resource Management Act 1991. However, in the RMA the shortened term of 'biodiversity' is not used as the Council has done in the Plan. It is suggested that if the Council is stating this is the RMA definition then only the RMA term should be used.	Amend term and make any necessary consequential amendments: Biological diversity ~~(or biodiversity)~~
John Baynes	S68.130	Interpretation	biological diversity (or biodiversity)	Support in part	The notified definition follows the definition in the Resource Management Act 1991. However, in the RMA the shortened term of 'biodiversity' is not used as the Council has done in the Plan. It is suggested that if the Council is stating this is the RMA definition then only the RMA term should be used. John Baynes	S68.132	Interpretation	building	Support	The notified definition follows the National Planning Standards	Retain as notified
Transpower New Zealand Limited	S101.004	Interpretation	conductor	Support in part	Support as it consistent with the definition included in the NESETA , however, it is acknowledged that the inclusion of reference to ‘transmission’ means that the definition would not apply to conductors that convey electricity as part of the distribution network. For this reason, Transpower would not oppose the definition being amended to refer to an ‘electricity transmission line or electricity distribution line’.	Retain the definition of ‘conductor’ as notified or, alternatively, amend the definition as follows: “(a) means wire or cable used for carrying electric current along an electricity transmission line or electricity distribution line ; and (b) includes any hardware and insulation associated with the wire or cable “
Department of Conservation	S109.003	Interpretation	conservation activity	Support	Support the inclusion of a definition for conservation activity and the list of examples included.	Retain as notified
Southland Federated Farmers of New Zealand	S126.013	Interpretation	conservation activity	Support in part	While SFF supports this recognition of restoration planting, the definition needs further clarity and flexibility to properly acknowledge a wide range of conservation activities. For example, eradicating invasive species, like some types of willows, that are not automatically recognised as weeds or pests. The definition should also accommodate situations where introduced species do provide good food sources for native birds.	Amend and make any necessary consequential amendments: Activities to manage, maintain and/or enhance ~~Means the use of land for the management, maintenance and enhancement~~ of ecological values for indigenous vegetation and fauna and their habitats. It may include: ~~includes:~~ (a) both western Science or mātauranga Māori; (b) weed, invasive species and pest control; (c) fencing and farm fencing ; and (d) restoration planting.
Stoney Creek Station Limited	S3.083	Interpretation	conservation activity	Support	Supportive of this definition.	Retain 'conservation activities' defiinition as drafted.

SUMMARY OF SUBMISSIONS

Trudy Bokser	S113.083	Interpretation	conservation activity	Support	Supportive of this definition.	Retain 'conservation activities' definition as drafted.

SUMMARY OF SUBMISSIONS

Alistair & Bernadette Hunt	S148.026	Interpretation	conservation activity	Support in part	While SFF supports this recognition of restoration planting, the definition needs further clarity and flexibility to properly acknowledge a wide range of conservation activities. For example, eradicating invasive species, like some types of willows, that are not automatically recognised as weeds or pests. The definition should also accommodate situations where introduced species do provide good food sources for native birds.	Amend and make any necessary consequential amendments: Activities to manage, maintain and/or enhance ~~Means the use of land for the management, maintenance and enhancement~~ of ecological values for indigenous vegetation and fauna and their habitats. ~~It may include:~~ ~~includes:~~ (a) both western Science or mātauranga Māori; (b) weed, invasive species and pest control; (c) fencing and farm fencing ; and (d) restoration planting.
John Baynes	S68.134	Interpretation	conservation activity	Support in part	While SFF supports this recognition of restoration planting, the definition needs further clarity and flexibility to properly acknowledge a wide range of conservation activities. For example, eradicating invasive species, like some types of willows, that are not automatically recognised as weeds or pests. The definition should also accommodate situations where introduced species do provide good food sources for native birds.	Amend and make any necessary consequential amendments: Activities to manage, maintain and/or enhance ~~Means the use of land for the management, maintenance and enhancement~~ of ecological values for indigenous vegetation and fauna and their habitats. ~~It may include:~~ ~~includes:~~ (a) both western Science or mātauranga Māori; (b) weed, invasive species and pest control; (c) fencing and farm fencing ; and (d) restoration planting.
Greg Bokser	S117.083	Interpretation	conservation activity	Support	Supportive of this definition.	Retain 'conservation activities' definition as drafted.
KiwiRail Holdings Ltd	S132.004	Interpretation	construction activity	Amend	The activities listed are supported however, the list should be expanded to protect all aspects of KiwiRail activities.	Amend 'construction activity' definition: In relation to noise means any work in connection with the construction, erection, installation, carrying out, repair, maintenance, cleaning, painting, renewal, alteration, dismantling, or demolition of: ... b) Any road, motorway, harbour works, rail network, including level crossings, railway tracks and facilities
Fire and Emergency NZ	S124.001	Interpretation	contaminated land	Support	Fire and Emergency supports the definition of contaminated land being consistent with section 2 of the RMA.	Retain as notified
Department of Conservation	S109.004	Interpretation	Council Authorised Biodiversity Management Plan	Support in part	Supports the inclusion of this definition however, there are no provisions in the plan that refer to this term. It is suggested that Biodiversity Management Plans are required as a matter of discretion for vegetation clearance within Significant Natural Areas (refer to ECO-R1 and R2) and/or that it is made clear in the provisions about when these management plans may be required. Minor amendments are suggested to correct a spelling error.	Amend the definition of 'Council Authorised Biodiversity Management Plan' as follows: "means a management plan that is approved by the Council and mana whenua as part of an assessment of the biodiversity ~~biodiversity~~ values undertaken or reviewed by a Council endorsed ecologist. The plan will ensure that Significant Natural Area and taonga species values are protected.
Chorus New Zealand Limited	S35.001	Interpretation	critical infrastructure	Support in part	Requests the Telecommunications Act 2001 definition of telecommunication be added to the definition of critical infrastructure.	Include telecommunications as a defined term as 'telecommunications as means the conveyance by electromagnetic means from one device to another of any encrypted or non-encrypted sign, signal, impulse, writing, image, sound, instruction, information, or intelligence of any nature, whether for the information of any person using the device or not'.
Transpower New Zealand Limited	S101.005	Interpretation	critical infrastructure	Support	Definition appropriately includes "the electricity transmission network (the National Grid)" in a manner that reflects the national significance of the National Grid. Supports the PDP giving effect to	Retain the definition of critical infrastructure as notified.

SUMMARY OF SUBMISSIONS

					the relevant provisions of the SRPS that relate to nationally significant, regionally significant and critical infrastructure.	
Waka Kotahi NZ Transport Agency	S112.003	Interpretation	critical infrastructure	Support in part	Generally supports the definition for critical infrastructure. However, notes that this definition includes the terms ‘strategic land transport network’ and ‘arterial roads’ and that neither of those terms are specifically defined in the Plan. While the Plan does include definition(s) for ‘transport network’ and ‘roads’ that incorporate the State highway network the limitations placed within the definition of ‘critical infrastructure’ require these to be strategic land transport networks or arterial roads. Waka Kotahi further notes the planning maps use the street categories from the ONF and do not identify the arterial roads within the District. Waka Kotahi is therefore concerned that the definition of critical infrastructure is unclear and recommend that this it be amended to specifically refer to the State highway network to ensure it is appropriately captured within the definition.	Amend as follows: Means those necessary facilities, services, and installations which are critical or of significance to either New Zealand, Southland or Gore. This may include but is not limited to: Strategic land transport network including the State highway network and arterial roads;
New Zealand Defence Force	S147.001	Interpretation	critical infrastructure	Amend	NZDF seeks national consistency throughout NZ district plans and seeks for future defence facilities to be provided for as critical infrastructure.	Means those necessary facilities, services, and installations which are critical or of significance to either New Zealand, Southland, or Gore. This may include but is not limited to: - strategic land transport network and arterial roads; ...- transport hubs and bulk fuel supply infrastructure including terminals and pipelines.; - defence facilities
KiwiRail Holdings Ltd	S132.005	Interpretation	critical infrastructure	Amend	The definition as proposed includes ‘strategic land transport network’ however this is not defined in the Proposed Plan. For clarity, the definition should specify the rail network as critical infrastructure. It is noted that the listed activities include the rail corridor, however for clarity the term “rail corridor” does not capture all of KiwiRail’s Critical Infrastructure.	Amend 'critical infrastructure' definition: Critical infrastructure means those necessary facilities, services, and installations which are critical or of significance to either New Zealand, Southland, or Gore. This may include but is not limited to: - Strategic land transport network, including the rail network and arterial roads; ~~–rail corridor~~
Mercury NZ Limited	S130.001	Interpretation	critical infrastructure	Support in part	Suggested referring to CDEM Act.	~~Means those necessary facilities, services, and installations which are critical or of significance to either New Zealand, Southland, or Gore. This may include but is not limited to: - strategic land transport network and arterial roads; rail corridor; –telecommunication facilities; national, regional and local renewable electricity generation activities of any scale; the electricity transmission network (the National Grid); sewage collection, treatment and disposal networks; community land drainage infrastructure; community potable water systems; established community scale irrigation and stock water infrastructure; transport hubs and bulk fuel supply infrastructure including terminals and pipelines.~~

SUMMARY OF SUBMISSIONS

						Infrastructure that delivers a service operated by a lifeline utility (as defined in the Civil Defence Emergency Management Act 2002)
One New Zealand Group Limited	S32.001	Interpretation	critical infrastructure	Support in part	Requests the Telecommunications Act 2001 definition of telecommunication be added to the definition of critical infrastructure.	Include telecommunications as a defined term as 'telecommunications as means the conveyance by electromagnetic means from one device to another of any encrypted or non-encrypted sign, signal, impulse, writing, image, sound, instruction, information, or intelligence of any nature, whether for the information of any person using the device or not'.
FortySouth	S33.001	Interpretation	critical infrastructure	Support in part	Requests the Telecommunications Act 2001 definition of telecommunication be added to the definition of critical infrastructure.	Include telecommunications as a defined term as 'telecommunications as means the conveyance by electromagnetic means from one device to another of any encrypted or non-encrypted sign, signal, impulse, writing, image, sound, instruction, information, or intelligence of any nature, whether for the information of any person using the device or not'.
Connexa Limited	S37.001	Interpretation	critical infrastructure	Support in part	Requests the Telecommunications Act 2001 definition of telecommunication be added to the definition of critical infrastructure.	Include telecommunications as a defined term as 'telecommunications as means the conveyance by electromagnetic means from one device to another of any encrypted or non-encrypted sign, signal, impulse, writing, image, sound, instruction, information, or intelligence of any nature, whether for the information of any person using the device or not'.
Spark New Zealand Trading Limited	S154.001	Interpretation	critical infrastructure	Support in part	Requests the Telecommunications Act 2001 definition of telecommunication be added to the definition of critical infrastructure.	Include telecommunications as a defined term as 'telecommunications as means the conveyance by electromagnetic means from one device to another of any encrypted or non-encrypted sign, signal, impulse, writing, image, sound, instruction, information, or intelligence of any nature, whether for the information of any person using the device or not'.
PowerNet Limited	S95.001	Interpretation	critical infrastructure	Oppose in part	The electricity distribution network comprises a 'lifeline utility', as defined by the Civil Defence and Emergency Management Act 2002 Act.1 PowerNet seeks that the electricity distribution network is included in the definition of Critical Infrastructure.	Amend as follows: means those necessary facilities, services, and installations which are critical or of significance to either New Zealand, Southland, or Gore. This may include but is not limited to: - strategic land transport network and arterial roads; - rail corridor; - telecommunication facilities; national, regional and local renewable electricity generation activities of any scale; - the electricity transmission network (the National Grid) and distribution networks ; - sewage collection, treatment and disposal networks; - community land drainage infrastructure; - community potable water systems; - established community-scale irrigation and stock water infrastructure;
Andrea McMillan & Tony Harpur	S134.005	Interpretation	critical infrastructure	Amend	Given its unlawfulness in establishment and operation.	Amend to exclude the East Gore Water Treatment Plant.
Southland Federated Farmers of New Zealand	S126.014	Interpretation	cultivation	Support	The notified definition follows the National Planning Standards	Retain as notified
Stoney Creek Station Limited	S3.084	Interpretation	cultivation	Support	Supports the alignment of definitions with the National Planning Standards.	Retain 'cultivation' defintion as drafted.
Trudy Bokser	S113.084	Interpretation	cultivation	Support	Supports the alignment of definitions with the National Planning Standards.	Retain 'cultivation' defintion as drafted.

John Baynes	S68.090	Interpretation	earthworks	Support	Supports this definition.	Retain 'earthworks' definition as drafted.
Peters Farm LtdKaren Peters	S127.122	Interpretation	earthworks	Support	Supports this definition.	Retain 'earthworks' definition as drafted.

SUMMARY OF SUBMISSIONS

Kevin Robertson	S115.017	Interpretation	earthworks	Support	The notified definition follows the National Planning Standards.	Retain as notified
Ronald Crispin	S60.019	Interpretation	earthworks	Support	The notified definition follows the National Planning Standards.	Retain as notified
Rural Ratepayers Group	S143.028	Interpretation	earthworks	Support	The notified definition follows the National Planning Standards.	Retain as notified
Alistair & Bernadette Hunt	S148.029	Interpretation	earthworks	Support	The notified definition follows the National Planning Standards.	Retain as notified
John Baynes	S68.137	Interpretation	earthworks	Support	The notified definition follows the National Planning Standards.	Retain as notified
Greg Bokser	S117.086	Interpretation	earthworks	Support	Supports this definition.	Retain 'earthworks' definition as drafted.
Ministry of Education	S125.001	Interpretation	educational facility	Support	The submitter supports the inclusion of the 'educational facilities' as proposed as it is consistent with the National Planning Standard.	Retain as proposed
Department of Conservation	S109.005	Interpretation	effects management hierarchy	Support	Supports the inclusion of this definition and alignment with the NPS-IB.	Retain as notified
Mercury NZ Limited	S130.002	Interpretation	effects management hierarchy	Amend	Refine to hierarchy for management of biodiversity, which sets out tests where avoiding, remedying, mitigating cannot be achieved, and offsetting/compensating becomes a necessary tool. (REG) activities require placement in proximity to renewable energy resources, and there may be instances where offsetting or compensation is necessary. The submitter supports the principle, if flexibility is offered for REG activities across all significant values not just biodiversity.	Biodiversity Effects Management Hierarchy
Fire and Emergency NZ	S124.002	Interpretation	emergency management	Support	Fire and Emergency support the definition of 'Emergency Management' as it includes activities undertaken by Fire and Emergency.	Retain as notified
New Zealand Defence Force	S147.005	Interpretation	emergency services facility	Support	This is appropriate and reflects a key function of NZDF.	Retain definition as notified.
Fire and Emergency NZ	S124.003	Interpretation	emergency services facility	Support	Fire and Emergency support the definition of 'Emergency Services Facility' as it includes fire stations, vehicle and equipment storage and ancillary activities.	Retain as notified
New Zealand Defence Force	S147.006	Interpretation	emergency service training activity	Amend	NZDF requests the inclusion of training for civil defence and emergency management as this is a focus of NZDF training.	Means emergency response training exercises. It includes, but is not limited to, training for first aid, civil defence and emergency management and response , firefighting, search and rescue, police response.

SUMMARY OF SUBMISSIONS

Fire and Emergency NZ	S124.004	Interpretation	emergency service training activity	Support	Fire and Emergency support the definition of Emergency service training activity as it provides for any necessary firefighting training activity that Fire and Emergency would need to undertake as part of an emergency response.	Retain as notified
Department of Conservation	S109.013	Interpretation	environment	Support	The D-G supports the inclusion of the RMA definitions in the plan.	Retain as notified
Southland Federated Farmers of New Zealand	S126.017	Interpretation	farm quarry	Support in part	On the whole, we support the definition, however it is not practical to require that a farm quarry can only serve farm activities that occur on the same site. The term site is defined in the National Planning Standards and the Plan as meaning as single record of title. Many farms will have a number of titles and it is not practical that a farm quarry use is limited to only the title on which it exists, rather than the full property or operation. Most farm quarries would serve rural production activities across the farm.	Amend definition and make any necessary consequential amendments: Means a location or area intermittently used in association with agricultural activities for the permanent removal and extraction of aggregates (clay, silt, rock or sand) for non-commercial use ~~within the same site where it is extracted.~~ It includes the area of aggregate resource and surrounding land associated with the operation of a farm quarry and which is used for farm quarrying activities. It does not include earthworks or the use of land and accessory buildings for offices, workshops and car parking areas associated with the operation of the farm quarry
Stoney Creek Station Limited	S3.087	Interpretation	farm quarry	Support	Supportive of this definition.	Retain 'farm quarry' definition as notified.
Trudy Bokser	S113.087	Interpretation	farm quarry	Support	Supportive of this definition.	Retain 'farm quarry' definition as notified.
Nathan Bokser	S116.087	Interpretation	farm quarry	Support	Supportive of this definition.	Retain 'farm quarry' definition as notified.

Sarah and Peter Barclay	S20.089	Interpretation	farm quarry	Support	Supportive of this definition.	Retain 'farm quarry' definition as notified.
Helen McIntosh	S24.089	Interpretation	farm quarry	Support	Supportive of this definition.	Retain 'farm quarry' definition as notified.
John Baynes	S68.091	Interpretation	farm quarry	Support	Supportive of this definition.	Retain 'farm quarry' definition as notified.
Peters Farm LtdKaren Peters	S127.123	Interpretation	farm quarry	Support	Supportive of this definition.	Retain 'farm quarry' definition as notified.
Kevin Robertson	S115.018	Interpretation	farm quarry	Support in part	On the whole, we support the definition, however it is not practical to require that a farm quarry can only serve farm activities that occur on the same site. The term site is defined in the National Planning Standards and the Plan as meaning as single record of title. Many farms will have a number of titles and it is not practical that a farm quarry use is limited to only the title on which it exists, rather than the full property or operation.	Amend definition and make any necessary consequential amendments: Means a location or area intermittently used in association with agricultural activities for the permanent removal and extraction of aggregates (clay, silt, rock or sand) for non-commercial use ~~within the same site where it is extracted.~~ It includes the area of aggregate resource and surrounding land associated with the operation of a farm quarry and which is used for farm quarrying activities. It does not include earthworks or the use of land and accessory buildings for offices, workshops and car parking areas associated with the operation of the farm quarry

SUMMARY OF SUBMISSIONS

					Most farm quarries would serve rural production activities across the farm.	
Ronald Crispin	S60.020	Interpretation	farm quarry	Support in part	On the whole, we support the definition, however it is not practical to require that a farm quarry can only serve farm activities that occur on the same site. John Baynes	S68.139	Interpretation	farm track	Support	This definition captures the normal use of a farm track.	Retain as notified
Greg Bokser	S117.088	Interpretation	farm track	Amend	Supportive of the definition but wishes to de-couple the definition from 'vehicle access' as farm tracks do not provide vehicle access to legal roads.	Amend the definition for farm track to read: Means vehicle access-tracks for the movement of vehicles and/or stock associated with agriculture, pastoral and horticultural activities.
Southland Federated Farmers of New Zealand	S126.019	Interpretation	feedlot	Oppose	While this term is defined in the Plan, it does not feature in the Plan at all, therefore it does not need to be included.	Remove definition: ~~Means a stockholding area where cattle — a) are kept for at least 80 days in any 6 month period; and (b) are fed exclusively by hand or machine.~~
Kevin Robertson	S115.020	Interpretation	feedlot	Oppose	While this term is defined in the Plan, it does not feature in the Plan at all, therefore it does not need to be included.	Remove definition: ~~Means a stockholding area where cattle — a) are kept for at least 80 days in any 6 month period; and (b) are fed exclusively by hand or machine.~~
Ronald Crispin	S60.022	Interpretation	feedlot	Oppose	While this term is defined in the Plan, it does not feature in the Plan at all, therefore it does not need to be included.	Remove definition: ~~Means a stockholding area where cattle — a) are kept for at least 80 days in any 6 month period; and (b) are fed exclusively by hand or machine.~~
Rural Ratepayers Group	S143.031	Interpretation	feedlot	Oppose	While this term is defined in the Plan, it does not feature in the Plan at all, therefore it does not need to be included.	Remove definition: ~~Means a stockholding area where cattle — a) are kept for at least 80 days in any 6 month period; and (b) are fed exclusively by hand or machine.~~
Alistair & Bernadette Hunt	S148.032	Interpretation	feedlot	Oppose	While this term is defined in the Plan, it does not feature in the Plan at all, therefore it does not need to be included.	Remove definition: ~~Means a stockholding area where cattle — a) are kept for at least 80 days in any 6 month period; and (b) are fed exclusively by hand or machine.~~
John Baynes	S68.140	Interpretation	feedlot	Oppose	While this term is defined in the Plan, it does not feature in the Plan at all, therefore it does not need to be included.	Remove definition: ~~Means a stockholding area where cattle — a) are kept for at least 80 days in any 6 month period; and (b) are fed exclusively by hand or machine.~~
Alistair & Bernadette Hunt	S148.001	Interpretation	fences	Oppose	Rules regarding fences are either limiting or enabling which makes the definition flawed. The Regional Council has a raft of rules regarding agricultural setbacks so duplication / confusion does not need to be added here in the District Plan.	Separate definition for 'farm fences' where farm fences are excluded from the rules requiring setback from waterways.
McLeod-Wantwood Trust/Wantwood Station	S104.014	Interpretation	fences	Amend	The definition of fences excludes post and wire fences, yet there are references to fences that are clearly meaning farm post and wire fences.	Amend the wording to make it clear whether post and wire fences are included.
Southland Federated Farmers of New Zealand	S126.020	Interpretation	fences	Oppose	This definition is confusing and causes issues throughout the plan, and we suggest farm fences are excluded. All amendments must be made throughout the plan.	Amend definition: and make any consequential amendments: Means any structure, intended to be a permanent division, screen or barrier, but shall not include a farm fence.

SUMMARY OF SUBMISSIONS

Stoney Creek Station Limited	S3.089	Interpretation	fences	Oppose	It is unclear why post and wire fences have been excluded from this definition as they are specifically referenced within the Rules.	Amend the definition for fences to read: Means any structure, intended to be a permanent division, screen or barrier, but shall not include a ~~post and wire fence~~ or a temporary fence such as an electric fence or construction hoarding.
Farm Manager - Wantwood Station	S105.014	Interpretation	fences	Amend	The definition of fences excludes post and wire fences, yet there are references to fences that are clearly meaning farm post and wire fences.	Amend the wording to make it clear whether post and wire fences are included.
Peters Farm Ltd Karen Peters	S127.014	Interpretation	fences	Amend	The definition of fences excludes post and wire fences, yet there are references to fences that are clearly meaning farm post and wire fences.	Amend the wording to make it clear whether post and wire fences are included.
Trudy Bokser	S113.089	Interpretation	fences	Oppose	It is unclear why post and wire fences have been excluded from this definition as they are specifically referenced within the Rules.	Amend the definition for fences to read: Means any structure, intended to be a permanent division, screen or barrier, but shall not include a ~~post and wire fence~~ or a temporary fence such as an electric fence or construction hoarding.

SUMMARY OF SUBMISSIONS

Royal Forest and Bird Society of NZ Inc	S110.004	Interpretation	green infrastructure	Amend	At the moment green infrastructure is defined in the definitions, but not blue. The National Planning Framework includes examples of local urban design initiatives such as nature-based solutions (such as urban forestry and vertical greening) and blue and green infrastructure (such as water sensitive urban design)	Add blue infrastructure to definitions (change the current green infrastructure to blue and green infrastructure and add definition)
Ministry of Education	S125.002	Interpretation	habitable room	Support	The submitter supports the inclusions of rooms uses for the purposes of teaching within the habitable spaces definition as proposed as it is consistent with the National Planning Standard.	Retain as proposed.
Silver Fern Farms	S40.005	Interpretation	hazardous substance	Support	Alignment with the RMA definition is appropriate.	Retain as notified
Alliance Group Limited	S121.007	Interpretation	hazardous substance	Support	Alignment with the RMA definition is appropriate.	Retain as notified
Fire and Emergency NZ	S124.005	Interpretation	hazardous substance	Support	Fire and Emergency supports the definition of hazardous substances being consistent with section 2 of the RMA.	Retain as notified
New Zealand Helicopter Association	S63.004	Interpretation	helicopter Landing Area	Oppose in part	Commerical Aviation Operators often require a temporary helicopter landing site which may require many movements in a day but that site may not be used again for an extended period of time or that site might be used for several days and again not used for an extended period of time.	Helicopter landing area should have the words ' for non-temporary or infrequent operations ' added.
Stoney Creek Station Limited	S3.090	Interpretation	helicopter Landing Area	Amend	Should be clear that areas used temporarily for helicopter landing areas are also included.	Amend the definition for helicopter landing areas to read: Any area of land, building or structure outside of the Airport Zone intended or designed to be used (including temporarily), whether wholly or partly, for helicopter movement or servicing, including heliports and helipads
Trudy Bokser	S113.090	Interpretation	helicopter Landing Area	Amend	Should be clear that areas used temporarily for helicopter landing areas are also included.	Amend the definition for helicopter landing areas to read: Any area of land, building or structure outside of the Airport Zone intended or designed to be used (including temporarily), whether wholly or partly, for helicopter movement or servicing, including heliports and helipads
Nathan Bokser	S116.090	Interpretation	helicopter Landing Area	Amend	Should be clear that areas used temporarily for helicopter landing areas are also included.	Amend the definition for helicopter landing areas to read: Any area of land, building or structure outside of the Airport Zone intended or designed to be used (including temporarily), whether wholly or partly, for helicopter movement or servicing, including heliports and helipads
AW+ JA Johnston Family Trust	S118.090	Interpretation	helicopter Landing Area	Amend	Should be clear that areas used temporarily for helicopter landing areas are also included.	Amend the definition for helicopter landing areas to read: Any area of land, building or structure outside of the Airport Zone intended or designed to be used (including temporarily), whether wholly or partly, for helicopter movement or servicing, including heliports and helipads

SUMMARY OF SUBMISSIONS

SUMMARY OF SUBMISSIONS

John Baynes	S68.146	Interpretation	indigenous vegetation	Support	The notified definition follows the National Policy Statement for Indigenous Biodiversity.	Retain as notified
Greg Bokser	S117.093	Interpretation	indigenous vegetation	Support	Supportive of the alignment of wording used in higher order documents.	Retain 'indigenous vegetation' definition as drafted.
Department of Conservation	S109.007	Interpretation	indigenous vegetation clearance	Support in part	Supports the proposed definition however seeks amendments to make it explicit that this includes any activity that destroys and/or damages indigenous vegetation.	Amend as follows: means any activity that destroys, damages or removes ~~means the clearing or removal of~~ 'indigenous vegetation' by any means, including clearing, cutting, crushing, cultivation, covering, irrigation, chemical application, drainage, stopbanking, overplanting, burning, or any other mechanical means as well as mob stocking.
McLeod-Wantwood Trust/Wantwood Station	S104.015	Interpretation	indigenous vegetation clearance	Amend	Hard to distinguish the difference between vegetation clearance and indigenous vegetation clearance.	Clarification required for the reasoning of having two definitions for vegetation clearance and indigenous vegetation clearance or amalgamate them together.
Southland Federated Farmers of New Zealand	S126.026	Interpretation	indigenous vegetation clearance	Oppose in part	As drafted, the definition does not provide for excluding grazing as it states 'clearing or removal of indigenous vegetation by any means'. Farmers graze in and around areas of indigenous vegetation or indigenous vegetation may be scattered amongst pasture which may result in some of the indigenous vegetation being 'cleared' pursuant to the current proposed definition. Indigenous vegetation and grazing can co-exist and is often considered good management practice in terms of fire protection and assisting with regeneration. It is not clear what is meant by 'overplanting'. Where the vegetation is within areas of improved pasture, especially on hill country, overplanting (e.g. by helicopter) followed by grazing to trample in the seed is common practice and allows for pasture renewal. It is crucial that this be removed from the definition.	Amend definition and make any necessary consequential amendments: Means the clearing or removal of indigenous vegetation by any means, including cutting, crushing, cultivation, irrigation, chemical application, drainage, stopbanking, , burning or any other mechanical means. ~~as well as mob stocking.~~ It does not include grazing of pasture or improved pasture species in that area of indigenous vegetation.
Stoney Creek Station Limited	S3.094	Interpretation	indigenous vegetation clearance	Oppose	This definition does not align with the definition for 'vegetation clearance' but should be defined in the same manner regardless of indigenous or exotic species.	Either:Amend the definition for indigenous vegetation clearance as follows: Means the ~~clearing or removal of~~ indigenous vegetation by vegetation clearance-any means, including cutting, crushing, cultivation, irrigation, chemical application, drainage, stopbanking, overplanting, burning or any other mechanical means as well as mob stocking. Or: Delete the definition of Indigenous Vegetation Clearance entirely
Farm Manager - Wantwood Station	S105.015	Interpretation	indigenous vegetation clearance	Amend	Hard to distinguish the difference between vegetation clearance and indigenous vegetation clearance. Greg Bokser	S117.095	Interpretation	land disturbance	Support	Supportive of the definitions with National Planning Standards.	Retain 'land disturbance' definition as drafted.
Fuel Companies	S16.027	Interpretation	land transport infrastructure	Support	Pleased to see recognition of the charging of electric vehicles in the definition.	Retain the definition as notified.
Waka Kotahi NZ Transport Agency	S112.004	Interpretation	land transport infrastructure	Support in part	Generally supports the land transport infrastructure definition, however seeks the following amendments: (d) insert culverts, erosion protection structures and defences against water within the definition as they are provided and maintained by Waka Kotahi as part of the State highway network. (e) amend to only include official signs. Official signs are defined by the Plan as the same meaning as per the National Planning Standards. Waka Kotahi do not wish to capture all signs such as advertising signs as part of this definition. (f) amend to include raised safety platforms, turnaround bays, intersection speed zones and skid resistance which are also provided and maintained as part of State highway network.	Amend the definition as follows: Means any infrastructure, building, equipment or devices that support the movement of people and goods by land including: (d) Roads, including carriageways, pavements, bridges, culverts, erosion protection structures, defences against water , tunnels, retaining walls, underpasses, overpasses, verges and berms; (e) Lighting, signals, official signs and control structures and devices associated with intelligent transport systems including vehicle detection systems (electronic vehicle identification and infra-red vehicle occupancy counters), incident detection, emergency telephones, cables and ducting; ... (f) safety devices including handrails, bollards, road markings, rumble strips, barriers, fences, speed tables, speed cushions, ~~and~~ traffic separators, raised safety platforms, turnaround bays, intersection speed zones, and skid resistance.
KiwiRail Holdings Ltd	S132.006	Interpretation	land transport infrastructure	Amend	KiwiRail generally supports the definition as proposed including the inclusion of rail furniture. However, to ensure that the definition is interpreted correctly we seek the following amendments: • Inclusion of culverts, erosion protection structures, defences against water within the definition at (d) - culverts and erosion protection structures are critical in maintaining a safe and efficient rail network for freight and passengers within New Zealand. • Amend to clarify that signs relates to official signs only	Amend 'Land transport infrastructure' definition: Means any infrastructure, building, equipment or devices that support the movement of people and goods by land, including: (c) Railway Network including , tracks, bridges, culverts, erosion protection structures, defences against water , tunnels, retaining walls, underpasses, overpasses, verge and berms; (e) Lighting, signals, official signs and control structures and devices associated with intelligent transport systems including vehicle detection systems (electronic vehicle identification and infra-red vehicle occupancy counters), incident detection, emergency telephones, cables and ducting;
Southland Federated Farmers of New Zealand	S126.030	Interpretation	land transport infrastructure	Support in part	We agree to most of the items listed in the definition as objects that support the movement of people and goods by land. However, we do not believe clause m items actually do 'support the movement of people and goods by land'.	Accept most of the definition as notified but delete clause m and make any consequential amendments: (m) Stormwater management facilities, ventilation structures, drainage devices and erosion control devices; and

Department of Conservation	S109.008	Interpretation	mahinga kai	Support	Supports this definition	Retain as notified
Stoney Creek Station Limited	S3.097	Interpretation	mahinga kai	Amend	Details provided in the definition for Mahinga Kai would be more appropriate in the Mana Whenua chapter.	Amend the definition of mahinga kai to: Means the same as outlined in MW - 2.3.3.3 and is an all-inclusive term that refers to the ability to access resources for harvesting, the site where gathering of these resources occurs, the act of gathering and using the resource, and the good health of the resource. ~~As a result of this practical focus, mahinga kai is considered by Hokonui Rūnanga to be, in today's language, the principal 'environmental indicator' in natural systems. If mahinga kai is not present, or is unsafe to harvest, then that natural system is under stress and requires remedial action. Mahinga kai was and is central to the Ngāi Tahu and Hokonui way of life. The collection and processing of mahinga kai is an important social, cultural, environmental, and economic activity contributing to the overall well-being of Ngāi Tahu whānui. Mahinga kai practices rely on thriving and abundant biodiversity, safe and aesthetically pleasing places to practice, and the active transfer of knowledge between people. These attributes are dependent on the sustainable management of many other natural resources in the takiwā, especially waterbodies and the management of stormwater. Hokonui Rūnanga expect to be able to practice mahinga kai in our takiwā at multiple locations that are deliberately selected for the quality of the resource and its ability to sustain itself. —~~

Waka Kotahi NZ Transport Agency	S112.005	Interpretation	movement lane	Support in part	Supports the definition but recommends that the reference to 'play' be removed from this definition. In a wider context streets and roads have both 'movement' and 'place' roles. However, the movement lanes are not the space within streets and roads for activities such as 'play' from a traffic safety and efficiency perspective.	Amend the definition as follows: Means that part of the formed and sealed road that serves the link function in a road. It may have a shared use for other activities such as walking, cycling, parking ~~and play.~~
Transpower New Zealand Limited	S101.006	Interpretation	national grid	Support in part	Transpower seeks minor amendments to the definition to: ensure that the term is capitalised consistently throughout the Proposed District Plan; delete reference to "at the commencement of these regulations" in order to better define the National Grid for the purposes of the District Plan (including for the purpose of new National Grid infrastructure)	Amend the definition of 'national grid' as follows. " ~~N~~ ~~a~~ ~~t~~ ~~i~~ ~~o~~ ~~n~~ ~~a~~ ~~l~~ ~~G~~ ~~r~~ ~~i~~ ~~d~~ means the network that transmits high-voltage electricity in New Zealand ~~and that, at the commencement of these regulations,~~ is owned, used or and operated by Transpower New Zealand Limited, including-- (a) transmission lines; and (b) electricity substations"
Transpower New Zealand Limited	S101.007	Interpretation	national grid subdivision corridor	Support in part	Transpower seeks that the definition be retained, subject to minor amendments to ensure that the term 'National Grid' is capitalised consistently throughout the Proposed District Plan.	Amend the definition of 'national grid subdivision corridor' as follows:" ~~N~~ ~~a~~ ~~t~~ ~~i~~ ~~o~~ ~~n~~ ~~a~~ ~~l~~ ~~G~~ ~~r~~ ~~i~~ ~~d~~ subdivision corridor ...
Transpower New Zealand Limited	S101.008	Interpretation	national grid yard	Support in part	Transpower seeks that the definition be retained, subject to minor amendments to: - ensure that the term 'National Grid' is capitalised consistently throughout the Proposed District Plan; and - correct the reference to the voltage of transmission lines on poles 110kv.	Amend as follows: ~~N~~ ~~a~~ ~~t~~ ~~i~~ ~~o~~ ~~n~~ ~~a~~ ~~l~~ ~~G~~ ~~r~~ ~~i~~ ~~d~~ yard- The area located (as illustrated below): (a) 12 metres in any direction from the outside edge of a National Grid support structure foundation; ~~(b) 12 metres from the boundary of a National Grid substation;~~ ~~(b)~~ 10 metres either side of the centreline of an overhead 110kV National Grid transmission line on poles ~~(c)~~ 12 metres either side of the centerline of any other overhead National Grid transmission line. ..."
Southland Federated Farmers of New Zealand	S126.033	Interpretation	national grid yard	Oppose	The National Grid Yard definition needs to be amended so it is consistent with NZECP34 Code of Practice for Electrical Safe Distances, particularly Section 2.4.1 around support structures. This definition and the yard widths are not consistent and unnecessarily onerous compared to the Code. It is vital to remember that the National Grid runs over private property, and farmers will be overwhelmingly affected by any regulation that exceeds the Code. This means the 12m distance around any structure is in excess of what is in the Code, and what is needed for engineering safety. The Code requires a safe distance of 8m around a	Amend the definition to align with NZECP34 Code of Practice for Electrical Safe Distances, particularly Section 2.4.1, and make any consequential amendments

Silver Fern Farms	S40.011	Interpretation	reverse sensitivity	Support	The definition appropriately captures the scope of activities that may be vulnerable to reverse sensitivity effects (approved, existing and permitted activities), and the nature of the effect (compromised, constrained or curtailed operations).	Retain as notified
Transpower New Zealand Limited	S101.010	Interpretation	reverse sensitivity	Support	Transpower supports the definition of 'reverse sensitivity' as notified on the basis that the definition appropriately reflects the concept of	Retain the definition of 'reverse sensitivity' as notified.

SUMMARY OF SUBMISSIONS

					reverse sensitivity effects in a manner that is consistent with the policy framework in the NPSET.	
Waka Kotahi NZ Transport Agency	S112.007	Interpretation	reverse sensitivity	Support in part	Waka Kotahi generally supports this definition as it describes the fundamentals of reverse sensitivity. However, for clarity we recommend that it includes reference to whether the activity is approved by a resource consent, designation or certificate of compliance.	Amend the definition as follows: The potential for an approved (whether by resource consent, ~~or~~ designation or certificate of compliance), existing or permitted activity to be compromised, constrained, or curtailed by the more recent establishment or alteration of another activity which may be sensitive to the actual, potential or perceived adverse environmental effects generated by an approved, existing or permitted activity.
Alliance Group Limited	S121.014	Interpretation	reverse sensitivity	Support	The definition appropriately captures the scope of activities that may be vulnerable to reverse sensitivity effects (approved, existing and permitted activities), and the nature of the effect (compromised, constrained or curtailed operations).	Retain as notified
KiwiRail Holdings Ltd	S132.011	Interpretation	reverse sensitivity	Amend	KiwiRail generally supports the definition, subject to an amendment. KiwiRail seeks amendment to include the development, upgrading, operation and maintenance of approved existing or permitted activities. It is imperative for the continued safe and efficient operation of the rail network that rail activities are recognized as being more than the operation of the railway. Rail activities include the development, upgrading, operation and ongoing maintenance of the rail network which includes rail yards. For clarity KiwiRail seeks the inclusion of compliance certificate to the list of ways the activity can be approved.	Amend as follows: Reverse Sensitivity means the potential for the development, upgrading, operation and maintenance of an approved (whether by consent, compliance certificate or designation), existing or permitted activity to be compromised, constrained, or curtailed by the more recent establishment or alteration of another activity which may be sensitive to the actual, potential or perceived adverse environmental effects generated by an approved, existing or permitted activity.
Southland Federated Farmers of New Zealand	S126.040	Interpretation	reverse sensitivity	Support in part	SFF support the inclusion of this definition. However, it would be better to utilise the term 'lawfully established' as referred to in the Plan rather than using 'approved, existing or permitted activity'.	Amend definition and make any necessary consequential amendments: The potential for a lawfully established ~~an approved (whether by consent or designation), existing or permitted~~ activity to be compromised, constrained, or curtailed by the more recent establishment or alteration of another activity which may be sensitive to the actual, potential or perceived adverse environmental effects generated by an approved, existing or permitted activity.
One New Zealand Group Limited	S32.007	Interpretation	reverse sensitivity	Support	The definition of reverse sensitivity is supported	Retain as notified
FortySouth	S33.007	Interpretation	reverse sensitivity	Support	The definition of reverse sensitivity is supported	Retain as notified
Connexa Limited	S37.007	Interpretation	reverse sensitivity	Support	The definition of reverse sensitivity is supported	Retain as notified
Spark New Zealand Trading Limited	S154.007	Interpretation	reverse sensitivity	Support	The definition of reverse sensitivity is supported	Retain as notified
PowerNet Limited	S95.007	Interpretation	reverse sensitivity	Oppose in part	PowerNet supports the general intent of this definition, however, it considers that amendments are needed. The phrase "more recent establishment or alteration of another activity" implies that reverse sensitivity is not relevant until such time as the new sensitive activity is physically established and the reverse sensitivity effects are in place. This definition should enable the risk of reverse sensitivity effects arising to be managed so that these effects do not occur.	Amended definition as follows: "...or curtailed by the possible establishment or alteration of another activity...".
Kevin Robertson	S115.041	Interpretation	reverse sensitivity	Support in part	SFF support the inclusion of this definition. However, it would be better to utilise the term	Amend definition and make any necessary consequential amendments: The potential for a lawfully established ~~an approved (whether by consent or designation), existing or~~

SUMMARY OF SUBMISSIONS

					'lawfully established' as referred to in the Plan rather than using 'approved, existing or permitted activity'.	~~permitted~~ activity to be compromised, constrained, or curtailed by the more recent establishment or alteration of another activity which may be sensitive to the actual, potential or perceived adverse environmental effects generated by an approved, existing or permitted activity.
Ronald Crispin	S60.043	Interpretation	reverse sensitivity	Support in part	SFF support the inclusion of this definition. However, it would be better to utilise the term 'lawfully established' as referred to in the Plan rather than using 'approved, existing or permitted activity'. Greg Bokser	S117.102	Interpretation	rural environment	Support	Supportive of this definition.	Retain 'rural environment' definition as drafted.
Silver Fern Farms	S40.012	Interpretation	rural industry	Oppose	The National Planning Standards do not define the term "rural environment"; This definition incorporates (indicated by the italicised text) a definition of "rural environment" which is as follows: "Rural environment Means land within the General Rural Zone, Rural Lifestyle Zone, Settlement Zone and Natural Open Space Zone". The upshot is that the National Planning Standards contemplate "rural industry" in any zone. This proposed definition confines the activity further than the National Planning Standards definition does, as it would require that "rural industry" can only occur in the four zones that are specified as comprising the "rural environment". Therefore, it is not correct to say that the term is defined as per the National Planning Standards.	Amend to distinguish the reference to "rural environment" sufficiently to comply with the definition prescribed in the National Planning Standards.
Greenbriar Ltd.	S128.006	Interpretation	rural industry	Support		No amendments

SUMMARY OF SUBMISSIONS

Silver Fern Farms	S40.013	Interpretation	sensitive activity	Oppose	Seeks that "seasonal workers accommodation" be recognised and provided for in the Proposed Plan. The definition of "sensitive activity" needs amending to except "seasonal workers accommodation". If not, it will complicate the consenting of workers accommodation located on the same site as the principal activity. Other amendments are also appropriate, because it is redundant to refer under (b) and (c) to sub-categories of the overarching activity. The Definitions Nesting Tables, and the definitions of "educational facility" and "residential activity" clearly state the activity sub-categories included in the principal activity definitions.	Amend as follows: Sensitive activity means any: (a) health care centre or hospital. (b) educational facility, ~~including school, early childhood facility, play centre.~~ (c) residential activity, ~~in-excluding retirement village and supported residential~~ seasonal workers accommodation. (d) visitor accommodation. (e) places of worship. (f) marae or Papatipu Rūnanga complex.
Transpower New Zealand Limited	S101.011	Interpretation	sensitive activity	Support in part	Graveyards or urupā are not considered activities that are sensitive to the National Grid (as set out in the definition in the NPSET) and therefore this clause is inconsistent with the NPSET where this term is used in respect of the National Grid. Transpower considers that clause (g) should be deleted or alternatively caveated so that it does not apply to the National Grid.	Amend the definition of 'sensitive activity' as follows: "Sensitive Activity means any: (a) health care centre or hospital. (b) educational facility, including school, early childhood facility, play centre. (c) residential activity, including retirement village and supported residential accommodation. (d) visitor accommodation. (e) places of worship. (f) marae or Papatipu Rūnanga complex. (g) Graveyard or urupā (except that graveyards and urupā are not sensitive activities in respect of the National Grid)
Ministry of Education	S125.005	Interpretation	sensitive activity	Support	The submitter supports the inclusion of 'educational facilities, including school, early childhood facility, play centre' within this definition.	Retain as proposed.
Alliance Group Limited	S121.015	Interpretation	sensitive activity	Amend	Alliances' submission seeks that "seasonal workers accommodation" be recognised and provided for in the Proposed Plan. As such, the definition of "sensitive activity" needs amending to except "seasonal workers accommodation". If not, the (otherwise appropriate) restrictions on "sensitive activities" locating in industrial and rural zones will unduly complicate the consenting of workers accommodation located on the same site as the principal activity. Other amendments are also appropriate, because it is redundant to refer under (b) and (c) to sub-categories of the overarching activity. The Definitions Nesting Tables, and the definitions of "educational facility" and "residential activity" clearly state the activity sub-categories included in the principal activity definitions. For example, the nesting tables confirm that "residential activity" includes the sub-categories of "retirement village" and "supported residential accommodation". As such, the individual activities do not need to be listed alongside the overarching "residential activity", unless an activity-specific exemption is being specified (like the one suggested here for "seasonal workers accommodation").	Amend as follows: Sensitive activity means any: 1. health care centre or hospital. 2. educational facility, ~~including school, early childhood facility, play centre.~~ 3. residential activity, ~~in-excluding retirement village and supported residential~~ seasonal workers accommodation. 4. visitor accommodation. 5. places of worship. marae or Papatipu Rūnanga complex.

Silver Fern Farms	S40.014	Interpretation	significant hazardous facility	Oppose	The term "freezing works" is outdated. Silver Fern Farms requests that this be amended to "meat processing" and any consequential amendments be made.	Amend as follows [entire provision not shown here]: j. ~~Freezing works~~ Meat processing and rendering plants.
Fuel Companies	S16.029	Interpretation	significant hazardous facility	Support	Support the inclusion of clause (p) and the note on the rule that underground storage of petrol and diesel at service stations undertaken in accordance with HSNO COP 44 and HSNO COP 45 is excluded from the definition.	Retain as notified
Alliance Group Limited	S121.016	Interpretation	significant hazardous facility	Amend	The term "freezing works" is outdated. Alliance requests that this be amended to reflect "meat processing" and any consequential amendments be made.	Amend as follows : [...] (j). ~~Freezing works~~ Meat processing and rendering plants. [...]
Fire and Emergency NZ	S124.008	Interpretation	significant hazardous facility	Support in part	Fire and Emergency support the inclusion of 'Any Major Hazard Facility under the Health and Safety	Amend as follows: (q) Emergency management is not a significant hazardous facility.

SUMMARY OF SUBMISSIONS

					at Work (Major Hazard Facilities) Regulations 2016 as a 'Major Hazardous Facilities'. Fire and Emergency considers that any activity of this scale should be evaluated by the Council to ensure that adverse effects from the activity can be managed appropriately. Fire stations and associated firefighting activities involve the use and storage of hazardous substances at quantities that are considered minor. However, there are circumstances where Fire and Emergency needs to temporarily store large quantities of product in an emergency.	
Alistair & Bernadette Hunt	S148.002	Interpretation	significant natural area (SNA)	Oppose	Do not support unmapped areas in the definition of SNAs. Also, do not support regulation regarding SNAs which will see them become a liability on private land as this will have negative consequences for biodiversity.	SNAs to be mapped in collaboration with landowners before being included in rules. Further, if an SNA is not mapped, it cannot and should not have any restrictions on it.
Department of Conservation	S109.016	Interpretation	significant natural area (SNA)	Support in part	The D-G supports the inclusion of this definition and alignment with the NPS-IB but suggests some minor amendments to improve clarity.	Retain with amendments as follows: Has the same meaning as per the National Policy Statement for Indigenous Biodiversity and means: ~~(a) Areas identified as SNA-1 (Waterfall Range) and SNA-2 (Pukerau Red Tussock Reserve)~~ Any area that is identified as an SNA on the planning maps until a suitably qualified ecologist engaged by Gore District Council determines that it is not a SNA. (b) Any area that is notified or included in a district plan as an SNA following an assessment of the area in accordance with the criteria set out in Appendix 4. For the avoidance of doubt , a SNA also includes areas meeting the criteria outlined in Appendix 4 that may not yet be identified on the planning maps including those identified at the resource consent stage or as part of a Farm Environment Plan assessment or as part of a Biodiversity Covenant.
McLeod-Wantwood Trust/Wantwood Station	S104.017	Interpretation	significant natural area (SNA)	Amend	The whole waterfall range is not identified as SNA1, waterfall range is predominately identified as an ONL.	Amend the definition as follows: Has the same meaning as per the National Policy Statement for Indigenous Biodiversity and means: (a) Areas identified as SNA-1 ~~(Waterfall Range)~~ and SNA-2 (Pukerau Red Tussock Reserve) on the planning maps until a suitably qualified ecologist engaged by Gore District Council determines that it is not an SNA (b) any area that is notified or included in a district plan as an SNA following an assessment of the area in accordance with Appendix 4 SNA also includes areas meeting the criteria outlined in Appendix 4 ~~including those identified at resource consent stage or as part of a Farm Environment Plan assessment or as part of a Biodiversity Covenant.~~
Southland Federated Farmers of New Zealand	S126.048	Interpretation	significant natural area (SNA)	Oppose	SFF does not agree with including areas meeting the criteria in Appendix 1 that have not been mapped as SNAs. It is our view that until areas are mapped and included in the plan, they should not be considered SNAs. We also do not agree with identifying SNAs through resource consent applications or Farm Environment Plans (FEPs). FEPs are not intended to be used as a trigger document for identifying SNAs. FEPs are farmer driven, created and funded, therefore tacking on a Council requirement which requires external experts adds complexity and cost for farmers. The cost/expertise to carry out SNA mapping should lie with central and local government, not individuals. FEPs could include a note of any SNAs evident on the land, but the actual process of SNA identification must sit outside of these plans. We	Amend definition and make any necessary consequential amendments: Has the same meaning as per the National Policy Statement for Indigenous Biodiversity and means: (a) Areas identified as SNA-1 (Waterfall Range) and SNA-2 (Pukerau Red Tussock Reserve) on the planning maps until a suitably qualified ecologist engaged by Gore District Council in partnership with landowners determines that it is not an SNA; or (b) any area that is notified or included in a district plan as an SNA following an assessment of the area in accordance with Appendix 4 and in consultation with the landowner . ~~SNA also includes areas meeting the criteria outlined in Appendix 4 including those identified at resource consent stage or as part of a Farm Environment Plan assessment or as part of a Biodiversity Covenant.~~

SUMMARY OF SUBMISSIONS

					remind the Council that identification of SNAs must be carried out in consultation landowners, as per ECO-O2: 'Work in partnership with Local Authorities, Government agencies, mana whenua, stakeholders and landowners to identify and protect Significant Natural Areas'. Full reason pg. 21	
Stoney Creek Station Limited	S3.105	Interpretation	significant natural area (SNA)	Oppose	This definition does not accurately reflect the definition in the NPSIB and would include areas without following the correct process.	Amend the definition for significant natural area to reflect the NPSIB wording, as follows: Has the same meaning as per the National Policy Statement for Indigenous Biodiversity and means: ~~(a) Areas identified as SNA-1 (Waterfall Range) and SNA-2 Pukerau Red Tussock Reserve) on the planning maps until a suitably qualified ecologist engaged by Gore District Council determines that it is not an SNA~~ (b) any area that is notified or included in a district plan as an SNA following an assessment of the area in accordance with Appendix 4 SNA also includes areas meeting the criteria outlined in Appendix 4 including those identified at resource consent stage or as part of a Farm Environment Plan assessment or as part of a Biodiversity Covenant. — (a) any area that, after 4 August 2023, is notified or included in a district plan as an SNA following an assessment of the area in accordance with Appendix 1 of the NPSIB; and (b) any area that, on 4 August 2023, is already identified in a policy statement or plan as an area of significant indigenous vegetation or significant habitat of indigenous fauna (regardless of how it is described); in which case it remains as an SNA unless or until a suitably qualified ecologist engaged by the relevant local authority determines that it is not an area of significant indigenous vegetation or significant habitat of indigenous fauna.
Farm Manager - Wantwood Station	S105.017	Interpretation	significant natural area (SNA)	Amend	The whole waterfall range is not identified as SNA1, waterfall range is predominately identified as an ONL.	Amend the definition as follows: Has the same meaning as per the National Policy Statement for Indigenous Biodiversity and means: (a) Areas identified as SNA-1 ~~(Waterfall Range)~~ and SNA-2 (Pukerau Red Tussock Reserve) on the planning maps until a suitably qualified ecologist engaged by Gore District Council determines that it is not an SNA (b) any area that is notified or included in a district plan as an SNA following an assessment of the area in accordance with Appendix 4 SNA also includes areas meeting the criteria outlined in Appendix 4 ~~including those identified at resource consent stage or as part of a Farm Environment Plan~~ assessment or as part of a Biodiversity Covenant.

SUMMARY OF SUBMISSIONS

Sarah and Peter Barclay	S20.115	Interpretation	silage pit	Oppose	This definition is broad and could be taken to include areas for the storage of hay or grain within a silo/container, or small scale storage of bagged feed. Alignment with the definition as per the Proposed Southland Land and Water plan is suggested.	Amend the definition of silage pit as follows: ~~Means an area constructed and used for the purpose of fermentation and storage for animal feed.~~ land or structures on which silage (plant material harvested while green for fodder and kept succulent by partial fermentation, but does not include baleage or hay) is stored, processed or directly utilised, excluding the storage of bales of plant material completely encapsulated in plastic.
Helen McIntosh	S24.115	Interpretation	silage pit	Oppose	This definition is broad and could be taken to include areas for the storage of hay or grain within a silo/container, or small scale storage of bagged feed. Alignment with the definition as per the Proposed Southland Land and Water plan is suggested.	Amend the definition of silage pit as follows: ~~Means an area constructed and used for the purpose of fermentation and storage for animal feed.~~ land or structures on which silage (plant material harvested while green for fodder and kept succulent by partial fermentation, but does not include baleage or hay) is stored, processed or directly utilised, excluding the storage of bales of plant material completely encapsulated in plastic.
John Baynes	S68.117	Interpretation	silage pit	Oppose	This definition is broad and could be taken to include areas for the storage of hay or grain within a silo/container, or small scale storage of bagged feed. Alignment with the definition as per the Proposed Southland Land and Water plan is suggested.	Amend the definition of silage pit as follows: ~~Means an area constructed and used for the purpose of fermentation and storage for animal feed.~~ land or structures on which silage (plant material harvested while green for fodder and kept succulent by partial fermentation, but does not include baleage or hay) is stored, processed or directly utilised, excluding the storage of bales of plant material completely encapsulated in plastic.
Peters Farm LtdKaren Peters	S127.149	Interpretation	silage pit	Oppose	This definition is broad and could be taken to include areas for the storage of hay or grain within a silo/container, or small scale storage of bagged feed. Alignment with the definition as per the Proposed Southland Land and Water plan is suggested.	Amend the definition of silage pit as follows: ~~Means an area constructed and used for the purpose of fermentation and storage for animal feed.~~ land or structures on which silage (plant material harvested while green for fodder and kept succulent by partial fermentation, but does not include baleage or hay) is stored, processed or directly utilised, excluding the storage of bales of plant material completely encapsulated in plastic.
Kevin Robertson	S115.048	Interpretation	silage pit	Support in part	More clarity is required for this definition.	Amend definition and make any necessary consequential amendments: Means an area constructed and used for the purpose of ensilement and fermentation of pasture , and storage of silage for animal feed.
Ronald Crispin	S60.050	Interpretation	silage pit	Support in part	More clarity is required for this definition.	Amend definition and make any necessary consequential amendments: Means an area constructed and used for the purpose of ensilement and fermentation of pasture , and storage of silage for animal feed.
Rural Ratepayers Group	S143.059	Interpretation	silage pit	Support in part	More clarity is required for this definition.	Amend definition and make any necessary consequential amendments: Means an area constructed and used for the purpose of ensilement and fermentation of pasture , and storage of silage for animal feed.
Alistair & Bernadette Hunt	S148.060	Interpretation	silage pit	Support in part	More clarity is required for this definition.	Amend definition and make any necessary consequential amendments: Means an area constructed and used for the purpose of ensilement and fermentation of pasture , and storage of silage for animal feed.
John Baynes	S68.168	Interpretation	silage pit	Support in part	More clarity is required for this definition.	Amend definition and make any necessary consequential amendments: Means an area constructed and used for the purpose of ensilement and fermentation of pasture , and storage of silage for animal feed.
Greg Bokser	S117.113	Interpretation	silage pit	Oppose	This definition is broad and could be taken to include areas for the storage of hay or grain within a silo/container, or small scale storage of bagged feed. Alignment with the definition as per the Proposed Southland Land and Water plan is suggested.	Amend the definition of silage pit as follows: ~~Means an area constructed and used for the purpose of fermentation and storage for animal feed.~~ land or structures on which silage (plant material harvested while green for fodder and kept succulent by partial fermentation, but does not include baleage or hay) is stored, processed or directly utilised, excluding the storage of bales of plant material completely encapsulated in plastic.

SUMMARY OF SUBMISSIONS

Department of Conservation	S109.017	Interpretation	specified highly mobile fauna	Support in part	The NPS IB sets minimum standards of protection for indigenous biodiversity (see NPS IB cl 3.1). Councils can manage effects on additional species of highly mobile fauna and their habitat to comply with their functions under s 31(1)(b)(iii) of the Act.	~~Has the same meaning as the NPSIB~~ means the Threatened or At Risk species of highly mobile fauna that are identified in Appendix 2 of the NPSIB or listed in an Appendix to this plan or are identified in an assessment of effects or evidence filed during the course of a resource consent application.
New Zealand Defence Force	S147.002	Interpretation	specified infrastructure	Support	NZDF supports the inclusion of defence facilities in the definition.	Retain definition as notified.
Mercury NZ Limited	S130.008	Interpretation	specified infrastructure	Support	Supports inclusion of term to support provision of REG activities.	None specified.
PowerNet Limited	S95.009	Interpretation	specified infrastructure	Support	PowerNet supports the inclusion of this definition as it reflects the definition in the NPSIB.	Retain definition
Fulton Hogan	S122.001	Interpretation	stream	Oppose in part	Although this term is used in colloquial language, a stream is a sub-set of "river" under the Resource Management Act (RMA) and Natural and Built Environment Act (NBEA) definitions. Creating a separate definition creates confusion. Using the term "natural" makes it unclear whether this definition includes modified waterbodies or not. a) Alter the definition so that it is clear that a "stream" is the same thing as a "river" under the RMA and NBEA; and b) Alter the definition so it is clear whether a modified stream is included within the definition or not.	Stream Means a continually or intermittently flowing natural or modified body of fresh water and includes headwaters and smaller tributaries to rivers or other streams. Streams are included in the definition of "River" under the Resource Management Act 1991.
Waka Kotahi NZ Transport Agency	S112.008	Interpretation	street furniture	Support in part	However, we recommend that the definition be amended to ensure that is consistent with the street furniture included in the ONF by inserting bollards, benches, drinking fountains, rubbish and recycling bins and cycle parking stands.	Amend the definition as follows: Means equipment within the footpath such as signal poles, lighting columns, signs, parking meters, seats, benches, bollards, drinking fountains, rubbish and recycling bins, cycle parking and landscaping-etc.
Fire and Emergency NZ	S124.009	Interpretation	structure	Support in part	As part of Fire and Emergency fire station operational requirements many stations include a multipurpose tower or pole between 12-15m in height. Such an exemption is considered to be justified on the basis that fire stations are a key component of Fire and Emergency's ability to respond to emergencies.	Amend as follows: Exclude communication towers and poles associated with emergency service facilities from the definition of 'structure'.
Fire and Emergency NZ	S124.010	Interpretation	temporary activity	Support	Fire and Emergency supports the definition of 'temporary activity' as it provides for emergency services training.	Retain as notified
New Zealand Defence Force	S147.003	Interpretation	temporary event	Support	NZDF supports the exclusion of TMTA in the definition as they are different from temporary events with different effects.	Retain definition as notified.
New Zealand Defence Force	S147.004	Interpretation	temporary military training activity	Support	Has the same meaning as National Planning Standards.	Retain definition as notified.
Department of Conservation	S109.018	Interpretation	Threatened or At Risk, and Threatened or At Risk (declining)	Support	The D-G supports the inclusion of this definition which is consistent with the NPS-IB.	Retain as notified
KiwiRail Holdings Ltd	S132.012	Interpretation	transit corridors	Amend	KiwiRail supports the inclusion of the rail networks within this definition but does not consider it necessary to define heavy rail networks.	Amend 'transit corridors': Means transit corridors that provide for the fast and efficient long-distance movement of people and goods within the urban realm. This includes motorways and urban expressways. By definition all dedicated, high movement and mode specific transport corridors such as ~~heavy~~ rail networks and busways are included in this classification.
Transpower New Zealand Limited	S101.012	Interpretation	transmission line	Support in part	Transpower supports the definition of 'transmission line' on the basis that the definition is	Amend the definition of "transmission line" as follows: ~~"Has the same meaning as per the National Environmental Standards for Electricity Transmission Activities (2009)~~ Means: (a)

SUMMARY OF SUBMISSIONS

					consistent with the definition included in the NESETA. Transpower suggests limited amendments to refine the definition.	the facilities and structures used for, or associated with, the overhead or underground transmission of electricity ~~in~~ on the ~~N~~ ational G rid; and ..."
Waka Kotahi NZ Transport Agency	S112.009	Interpretation	transport network	Support in part	Waka Kotahi supports this definition as stated. For clarification purposes, we recommend that it include cyclists.	Amend the definition as follows: Means any transport route that support the movement of people and goods and includes trains, motorised vehicles, non-motorised modes of transport ~~and~~ pedestrians and cyclists .
McLeod-Wantwood Trust/Wantwood Station	S104.016	Interpretation	vegetation clearance	Amend	Hard to distinguish the difference between Vegetation Clearance and Indigenous Vegetation Clearance. The submitter queries the inclusion of "applying the seed of exotic pasture species" as a method of vegetation clearance.	Clarify the reasoning for having two definitions or amalgamate them into one. Remove references to application of seeds from exotic pasture species as a method of vegetation clearance.
Fulton Hogan	S122.002	Interpretation	vegetation clearance	Oppose in part	Fulton Hogan supports national consistency and using appropriate definitions from national instruments instead of creating a new definition. However, in this instance the definition has been taken from the National Environmental Standard for Freshwater regulations (NES-F), and cross-references to clauses 48 and 48 of those regulations. This cross reference do not make sense in the Gore District Plan.	Either extend the reference so that it is clear that it references back to the NES-F, for example: "(i) the removal of sphagnum moss for the purpose of a harvest in accordance with regulation 48 or 49 of the National Environmental Standards for Freshwater Regulations 2020 "; or delete the reference to regulations 48 and 49. "(i) the removal of sphagnum moss for the purpose of a harvest ~~in accordance with regulation 48 or 49;~~ "
Southland Federated Farmers of New Zealand	S126.049	Interpretation	vegetation clearance	Support in part	SFF requests this definition be amended to specifically exclude vegetation clearance undertaken in association with day-to-day farming. We are concerned that the definition will still catch many instances of ordinary pastoral farming practice in which vegetation clearance may have to be undertaken on a day-to-day basis and trigger the requirement for resource consent unnecessarily. Examples of such vegetation clearance include: clearance for the purpose of maintaining rural fire breaks, pasture maintenance, clearance of airstrips, helipads, vehicle entranceways, access ways and driveways, farm tracks and stock crossings of waterways, clearance around farm buildings and farm infrastructure, water supply dams, pipelines and troughs, pest plant/weed management, cultivation, forestry harvesting, pruning and thinning, clearance or disturbance by animals including grazing, activities undertaken for the purpose of establishing a fence line, maintaining shelterbelts (including cutting of shelterbelt roots, activities associated with fruit tree or fruit vine plantations, clearance of vegetation that is fallen or dead, activities undertaken within the boundaries of any area of land, and clearance of pest plants. Farmers should not have to incur unnecessary delay and cost for routine vegetation clearance which will result in no more than minor adverse environmental effects.	Amend definition and make any necessary consequential amendments: Means (...) (c) does not include vegetation clearance which is ancillary to primary production activities, such as -- (i) the removal of sphagnum moss for the purpose of a harvest in accordance with regulation 48 or (...) (v) the grazing of improved pasture within the relevant setback from a natural wetland, pasture maintenance; (vi) clearance for the purpose of maintaining rural fire breaks; (vii) clearance of airstrips, helipads, vehicle entranceways, accessways and driveways, farm tracks and stock crossings of waterways; (viii) clearance around farm buildings and farm infrastructure, water supply dams, pipelines and troughs; (ix) cultivation; (x) clearance or disturbance by animals including grazing; (xi) activities associated with fruit tree or fruit vine plantations; and (xii) clearance of ve
Stoney Creek Station Limited	S3.106	Interpretation	vegetation clearance	Oppose	Querying why grazing has been so limited in this definition as when managed should not constitute vegetation clearance. This definition is more	Amend the definition of vegetation clearance to read:- (a) the disturbance, damage, destruction, or removal of vegetation by any means (for example, by cutting, crushing, application of chemicals, or burning); and (

SUMMARY OF SUBMISSIONS

					restrictive than higher documents. Mob-stocking and over planting are technical terms and it is unclear exactly what these refer to as they are not in the PGDP definitions.	b) includes activities that result in the disturbance, damage, destruction, or removal of vegetation (for example, ~~over-planting~~, applying the seed of exotic pasture species, ~~mob-stocking~~, or draining away water); but (c) does not include-- ... v) ~~the grazing of improved pasture within the relevant setback from a natural wetland~~
Farm Manager - Wantwood Station	S105.016	Interpretation	vegetation clearance	Amend	Hard to distinguish the difference between Vegetation Clearance and Indigenous Vegetation Clearance. The submitter queries the inclusion of "applying the seed of exotic pasture species" as a method of vegetation clearance.	Clarify the reasoning for having two definitions or amalgamate them into one. Remove references to application of seeds from exotic pasture species as a method of vegetation clearance.
Peters Farm Ltd Karen Peters	S127.016	Interpretation	vegetation clearance	Amend	Hard to distinguish the difference between Vegetation Clearance and Indigenous Vegetation Clearance. The submitter queries the inclusion of "applying the seed of exotic pasture species" as a method of vegetation clearance.	Clarify the reasoning for having two definitions or amalgamate them into one. Remove references to application of seeds from exotic pasture species as a method of vegetation clearance.
Trudy Bokser	S113.106	Interpretation	vegetation clearance	Oppose	Querying why grazing has been so limited in this definition as when managed should not constitute vegetation clearance. This definition is more restrictive than higher documents. Mob-stocking and over planting are technical terms and it is unclear exactly what these refer to as they are not in the PGDP definitions.	Amend the definition of vegetation clearance to read:- (a) the disturbance, damage, destruction, or removal of vegetation by any means (for example, by cutting, crushing, application of chemicals, or burning); and(b) includes activities that result in the disturbance, damage, destruction, or removal of vegetation (for example, ~~over-planting~~, applying the seed of exotic pasture species, ~~mob-stocking~~, or draining away water); but (c) does not include-- ... v) ~~the grazing of improved pasture within the relevant setback from a natural wetland~~
Nathan Bokser	S116.106	Interpretation	vegetation clearance	Oppose	Querying why grazing has been so limited in this definition as when managed should not constitute vegetation clearance. This definition is more restrictive than higher documents. Mob-stocking and over planting are technical terms and it is unclear exactly what these refer to as they are not in the PGDP definitions.	Amend the definition of vegetation clearance to read:- (a) the disturbance, damage, destruction, or removal of vegetation by any means (for example, by cutting, crushing, application of chemicals, or burning); and(b) includes activities that result in the disturbance, damage, destruction, or removal of vegetation (for example, ~~over-planting~~, applying the seed of exotic pasture species, ~~mob-stocking~~, or draining away water); but (c) does not include-- ... v) ~~the grazing of improved pasture within the relevant setback from a natural wetland~~
