Subject: Hearing Stream 10 - Ecosystem and Indigenous Biodiversity

Hi,

The New Zealand Transport Agency (NZTA) has reviewed the Section 42A reports (s42A report) for Hearing Stream 10 (HS10). We accept the changes recommended in the Section 42A report for the Ecosystems and Indigenous Biodiversity chapter. Where the Section 42A report has not changed a provision in response to a NZTA submission point, we accept the reasoning of the Section 42A report in these instances. As such, NZTA no longer wishes to be heard at the HS10 hearing. If the Hearing Panel has questions they wish to raise with me, I am happy to be contacted (preferably by email).

I note that the McNab Management Limited re-zoning proposal was due to be reconsidered by the Hearing Panel as part of HS10 (it was initially raised in HS8). I have been liaising with McNab's consultants and legal counsel and I have provided preliminary feedback on draft plan provisions. I am yet to see what feedback GDC planners have provided on those provisions; I have requested to see their feedback. Depending on whether or not an agreed set of provisions can be arrived at, I may, or may not, need to attend HS10 for the McNab rezoning matter.

Please do not hesitate to contact me if you'd like to discuss matters raised in this email.

Kind regards
Helen
